Contents

Introduction ix
M. Freidlin

Publications of Eugene B. Dynkin xvii

Process Level Large Deviations for a Class of
Piecewise Homogeneous Random Walks 1
V.M. Blinovskii and R.L. Dobrushin

Mutual Singularity of Genealogical Structures of
Fleming-Viot and Continuous Branching Processes 61
Donald A. Dawson and Vladimir Vinogradov

Regular Conditional Expectations and
the Continuum Hypothesis 85
I.V. Evstigneev

Necessary and Sufficient Conditions for
Weak Convergence of One-Dimensional Markov Processes 95
Mark I. Freidlin and Alexander D. Wentzell

Inverse Subordination of Excessive Functions 111
R.K. Getoor and M.J. Sharpe

Jumping Branching Measure-Valued Processes 133
J. Jacod and A.V. Skorokhod

The Boundedness of Branching Markov Processes 143
F.I. Karpelevich, M.Ya. Kelbert, and Yu.M. Suhov

A Limit Theorem for Weighted Branching Process Trees 153
Harry Kesten

Loop Condensation Effects in the Behavior
of Random Walks 167
K.M. Khanin, A.E. Mazel, S.B. Shlosman, and Ya.G. Sinai

On the Stability of Solutions
of Stochastic Evolution Equations 185
R. Khasminskii and V. Mandrekar

Harmonic Functions on Riemannian Manifolds:
A Probabilistic Approach 199
Yuri Kifer

On a Problem Suggested by A.D. Wentzell 209
N.V. Krylov and M.V. Safonov

Regularity Properties of a Supercritical Superprocess 221
S.E. Kuznetsov

A Lemma on Super-Brownian Motion
with Some Applications 237
Jean-François Le Gall

Sequential Screening of Significant Variables
of an Additive Model 253
Mikhail B. Maljutov and Henry P. Wynn

Brownian Bandits 267
Avi Mandelbaum and Robert J. Vanderbei

Lyapunov Exponents and Distributions
of Magnetic Fields in Dynamo Models 287
Stanislav Molchanov and Alexander Ruzmaikin

The Strong Markov Property of the
Support of Super-Brownian Motion 307
Edwin Perkins

Some Results on Random Walks on Groups 327
M.G. Shur

Diffusions as Integral Curves, or
Stratonovich without Itô 333
D. Stroock and S. Taniguchi

Convex Solutions to Variational Inequalities
and Multidimensional Singular Control 371
Michael Taksar

Regularity of Self-Diffusion Coefficient 387
S.R.S. Varadhan

Representation Results for Stopping Times
in Jump-with-Drift Processes 399
A.A. Yushkevich
