

## TABLE OF CONTENTS

PREFACE	IX
1. ACTION MODALITIES	1
1. Some Remarks on the Language $L$	1
2. On the Semantics of a First-Order Language	2
3. The Semantics for $L$	3
4. Necessity for something that an Agent does	4
5. Counteraction Conditionality	5
6. Some Defined Action Concepts	6
7. On the Logic of $L$	10
8. Act Relations	11
9. Act Relations and N-Equality	13
10. Consequences of Action	16
2. INTENTIONS AND REASONS	18
11. Belief	18
12. Norms and Normative Positions	21
13. Singular Norms and Intentions to do	24
14. Sets and Systems of Norms	25
15. Intentional Action	28
16. Transmission of Intention	31
17. Acting with a Further Intention	34
18. Reasons for Action and Wants	35
19. Valuations and Value Positions	38
20. Attitudes	40
3. ACTIVITIES AND PROCEEDINGS	43
21. Action Complexes	43
22. Structure of Activities: Two Examples	44
23. Finite Automata	45
24. Transmission of Agency	48

25. Determinism and Agency	51
26. Intervention in Norm-Governed Worlds	52
27. Grammars	54
28. Organizations	56
29. L-Grammars and L-Organizations	59
30. Role Structures	61
4. CONTROL, INFLUENCE AND INTERACTION	64
31. Control in Relation to an Agent	64
32. On the Power to Act	66
33. Influence and Social Power	67
34. On the Measurement of Influence	68
35. Control over an Agent	70
36. On Communication and Control	73
37. Action in Consequence Relations	76
38. Interaction	77
39. Social Groups and Social Systems	79
40. The Basis of Social Order	81
5. SOCIAL DYNAMICS	83
41. Information-Feedback Control: An Example	83
42. Elementary Information-Feedback Control Loops	86
43. A Dynamic System Model	89
44. Application of the Model to <i>N</i> -Agent Actions	90
45. Elementary Dynamics	91
46. Two-Agent Dynamic Action	93
47. Interdependent Decision	95
48. Interdependent Decision: Metagames	98
49. Metagames and Incomplete Information	100
50. Teleological Systems	102
6. ACTION-EXPLANATIONS	105
51. Understanding and Knowledge of Facts	105
52. Understanding and Knowledge of Intentions and Actions	108
53. Meaning and Understanding	109
54. Essential Explanations	111
55. Counterfactuals and Causal Explanations	113

TABLE OF CONTENTS

VII

56. Counterfactuals and Explanation of Actions	117
57. Functional Explanation	119
58. Laws and Explanation of Actions	121
59. Free Will and the Validity of Laws	122
60. Agents	123
