

# Contents

<b>Preface</b> .....	<b>V</b>
<b>Contents</b> .....	<b>VII</b>
<b>1 Rational Expectations of Efficiency and Incentive Schemes</b> .....	<b>1</b>
Rational Expectations and Efficiency .....	2
Coalition Structure .....	4
Asymmetric Information and Incomplete Markets .....	12
Optimal Incentive Schemes .....	16
<b>2 Dynamic Adjustment Processes and the Effect of the Economic System</b> ....	<b>18</b>
Comparative Efficiency of Economic Systems.....	19
Simultaneous Equilibrium.....	21
Allocation and Control.....	25
Temporary Equilibrium.....	29
Knowledge and Preferences.....	31
Contract Choice .....	33
<b>3 Optimal Incentive Schemes with a Measure Space and Decision</b> .....	<b>34</b>
Distribution of Wealth .....	34
Risky Activities.....	35
Strategy Games and Equilibrium .....	41
Effect of the Economic System.....	45
<b>4 Dynamics and Information</b> .....	<b>50</b>
Preferences and Matching.....	51
Random Dividends and Equilibrium.....	51
Heterogeneous Expectations .....	56
Dynamics of Prices .....	58
Bounded Rationality .....	60
Imperfect Commitment .....	62
<b>5 Life Cycle and Risk-Sharing of Information Under Restriction</b> .....	<b>67</b>
Learning and Information .....	67
Risky Expectations.....	70
Uncertain Environments .....	72

The Flow of Information.....	73
Preference Relation.....	76
Equilibrium and Competition.....	76
Equilibrium Strategies .....	77
<b>6 Risk Choices, Heterogeneous Beliefs and Prediction Strategies</b>	
<b>in Allocation .....</b>	<b>85</b>
Prediction Strategies .....	86
Preferences and Coalitions.....	87
Preferences and Contracts.....	87
Markets and Choice .....	88
Distribution of Assets .....	89
Decisions about Payoff .....	90
Rational Beliefs.....	91
Coordinates of Endowment.....	93
Monetary Exchange .....	94
Asset Allocation.....	97
Occupational Choice.....	99
<b>7 Design, Knowledge and Stabilization of Economy.....</b>	<b>100</b>
Competitive Equilibrium .....	101
Knowledge and Decision Strategy.....	104
Communication.....	105
Consumption and Shock .....	106
Risk Sharing and Design.....	107
Incomplete Markets .....	109
Collateral Structure .....	113
<b>8 Decision Process, Assets and Information .....</b>	<b>116</b>
Private Information .....	120
Portfolio Process .....	121
Consumption.....	122
Vote Strategy .....	123
Stochastic Volatility.....	124
Liquidity Constraint.....	126
System Dynamics .....	130
<b>9 Endowments, Money, Debt and Risky Choice of Decision.....</b>	<b>132</b>
Endowment of Sources .....	132
Asset Exchange.....	135
Rationing and Allocation .....	136
Strategic Information .....	137
Selection and Identification Preferences.....	138
Behavior Allocation .....	138
Probability Assignment.....	140

<b>10 Market Mechanisms, Portfolios and Uncertainty of Decisions.....</b>	<b>146</b>
Opening Markets.....	148
Market Information Flow.....	149
Volatility of Assets.....	151
Market Mechanisms.....	152
Public Information.....	156
<b>11 Stability of Markets, Uncertainty, and Strategic Behavior.....</b>	<b>161</b>
Consumption and Portfolios.....	163
Relative Risk.....	164
Technology Adjustment.....	166
Money and Consumption.....	168
Dynamics of Money.....	170
<b>12 Market Making, Information, Beliefs, and Chaos.....</b>	<b>176</b>
Private Information.....	177
Equilibrium and Heterogeneity.....	179
Dynamic Equilibrium and Ambiguity.....	182
<b>13 Volatility, Information, and Return Distribution.....</b>	<b>189</b>
Realized Volatility.....	189
Debt Constraints.....	195
Transformation of Information.....	198
Prices and Equilibrium.....	199
Risk and Life-Cycle.....	200
The Game and Information.....	202
Consumption and Income.....	203
<b>14 Shocks, Uncertainty, and Preferences Over Information.....</b>	<b>205</b>
Choice and Endowment.....	207
Dynamic Signaling of Information.....	208
Labor Market.....	213
Expected Utility.....	213
Investments, Flexibility, and Productivity.....	215
Conditional Desirability.....	216
<b>15 Externalities, Market Information and Contracts.....</b>	<b>219</b>
Asymmetric Information.....	219
Externalities.....	222
Output-Based Contracts.....	231
Endowment and Commodities.....	231

<b>16 Cycles, Chaos, Stabilization and Technological Innovation .....</b>	<b>234</b>
Money and Capital .....	235
Choice and Distribution .....	237
Technological Progress .....	239
Shock and Choice .....	240
Productivity Shocks .....	241
Allocation and Equilibrium.....	243
Dynamics Environment .....	244
Innovation Cycles .....	245
Technology Cycle .....	248
<b>17 Information Cascades, Expectations, and Risky Choices .....</b>	<b>251</b>
Market Signals .....	252
Decision Making Under Uncertainty .....	254
Information Choices.....	255
Coalitions of Agents .....	256
Information Scenarios.....	258
Preferences of Consumption .....	260
Assets and Equilibrium.....	261
<b>18 Conclusion .....</b>	<b>267</b>
<b>References .....</b>	<b>268</b>
