

INDEX

Baumeister, J.	
Das Einphasen-Stefan-Problem für ein Zwei-Temperaturen- Wärmeleitungsmodell: Der eindimensionale Fall	1
Brokate, M.	
Numerische Lösung eines zweidimensionalen freien Randwertproblems	23
Crank, J.	
Solution of Free Boundary Problems by Interchange of Dependent and Independent Variables	34
Crowley, A.B.	
Flame Fronts, Crystal Growth and Weak Solutions	49
Elliott, C.M. and Mason, C.J.	
A Weak Solution Method for a Class of Free Boundary Problems	66
Gorenflo, R. und Kiesner, S.	
Ueber das Il'in - Differenzschema für die Diffusions-Konvektions- Gleichung	73
Hadeler, K.P.	
Travelling Fronts and Free Boundary Value Problems	90
Hoffmann, K.-H. und Kornstaedt, H.-J.	
Ein numerisches Verfahren zur Lösung eines Identifizierungs- problems bei der Wärmeleitungsgleichung	108
Jochum, P.	
To the Numerical Solution of an Inverse Stefan Problem in Two Space Variables	127
Joubert, G. and Maeder, A.	
Solution of Differential Equations with a Simple Parallel Computer	137
Knaber, P.	
Das inverse Stefan Problem - Ein Vergleich verschiedener Frage- stellungen	145

Krüger, H.	
Zum Newtonverfahren für ein Stefanproblem	161
Li-shang Jiang	
Free Boundary Problems in China	176
McGeough, J.A.	
Some Moving Boundary Problems in Electrochemical Machining	187
Meyer, G.H.	
Test Solutions for a One Phase Problem through Conformal Transformations	202
Niezgódka, M.	
Some Aspects of Approximation of Optimal Control Problems for Systems Governed by Parabolic Problems Involving Free Boundaries	211
Nitsche, J.	
Moving Boundary Problems and Finite Elements	224
Primicerio, M.	
The Occurrence of Pathologies in Some Stefan-Like Problems	233
Reemtsen, R.	
The Method of Minimizing the Defects for the Stefan Problem	245
Rubinstein, L.	
Heat Transfer with a Free Boundary Moving within a Concentrated Thermal Capacity	254
Saguez, C.	
Simulation and Optimal Control of Free-Boundary Problems	270
Salzano, G. and Chavent, G.	
Numerical Solution of Two-Phase Displacements with Gravity and Capillarity Forces	287
Rogers, J.E.W.	
Numerical Solution of a Gasification Problem	301
Wegmann, R.	
Trefftz' Integral Equation Method for Free Boundary Problems of Potential Theory	335
