Introductory . . . . .	1— 11
I. Indications concerning his source given by Wolfram in Willehalm	11— 39
II. Discussion to what degree it is probable that Wolfram had heard or read other branches of the cycle to which Aliscans belongs	39— 85
III. Examination to what degree it is probable that Wolframs version of Aliscans contained material to be found in later prose versions of Aliscans, or in Chançon de Willame, but not in the metrical versions of Aliscans . . . . .	85—106
IV. What divergences from the whole cycle of Guillaume d'Orange might be accounted for by other written sources with which Wolfram was, or may have been, acquainted . . . . .	106—125
V. To what degree the extant manuscripts of Aliscans were like or unlike Wolframs text of Aliscans . . . . .	125—166
VI. Conclusion . . . . .	166—169
Errata . . . . .	171
