<i>List of Tables</i>	viii
<i>Acknowledgements</i>	ix
1 Introduction	1
1.1 Japanese FDI	1
1.2 European integration	3
1.3 Interface between Japanese FDI and European integration	4
1.4 Central themes	6
2 Literature Survey	8
2.1 Introduction	8
2.2 The location of MNEs under regional economic integration	8
2.3 The entry mode in the sequential process of internationalisation	13
2.4 Pan-European management	18
2.5 Key questions	22
3 Methodology	26
3.1 Introduction	26
3.2 Comparison of the case studies of two industries	26
3.3 Selection of the companies analysed	29
3.4 Data and information	31
4 Preliminary Comparison between Automobile and Pharmaceutical Industries	35
4.1 Introduction	35
4.2 General character of the industries	35
4.3 EU market of the automobile and the pharmaceutical sectors	42
4.4 Japanese automobile and pharmaceutical MNEs	50
5 Locational Pattern of European Subsidiaries	60
5.1 Introduction	60
5.2 Location of Japanese automobile and pharmaceutical MNEs	61

5.3	Implications for the previous literature	87
5.4	Conclusion	90
6	Entry Mode into Europe	93
6.1	Introduction	93
6.2	Entry of Japanese MNEs in a time series	94
6.3	Determinant factors for entry	110
6.4	Implications for the previous literature	124
6.5	Conclusion	126
7	Pan-European Management	128
7.1	Introduction	128
7.2	Establishment and overall situation of the EHQ	129
7.3	EHQ management of European business	137
7.4	Problems and solutions	155
7.5	Implications for the previous literature	160
7.6	Conclusion	162
8	Conclusion	164
8.1	Introduction	164
8.2	Summary of findings	164
8.3	Implications	167
8.4	Future research directions	170
	<i>Bibliography</i>	173
	<i>Index</i>	194

Figures

2.1	Porter's Diamond	11
2.2	Development of multinationality	19
2.3	Multinationality at the regional level	21
4.1	Trend of car demand in European countries (growth rate against the previous year)	43
5.1	Auto and pharmaceutical plants of Japanese MNEs in Europe	62
5.2a	Auto sales-related subsidiaries of Japanese MNEs in Europe	73
5.2b	Pharmaceutical sales-related subsidiaries of Japanese MNEs in Europe	74
5.3	Auto and pharmaceutical R&D centres of Japanese MNEs in Europe	78
5.4	Auto and pharmaceutical EHQs of Japanese MNEs in Europe	86

Tables

2.1	Influencing factors and entry mode	15
4.1	Tariffs on imported cars, 1956–1978 (per cent)	44
4.2	Death rate by major causes (unit: per 100,000 population)	49
4.3	Company profile of Japanese automobile MNEs	51
4.4	Export share of car production in Japan (per cent)	53
4.5	Geographic breakdown of turnover of automobile MNEs (billion ¥, March 2003)	53
4.6	Japanese passenger car and truck production in NAFTA, 2001 (units)	54
4.7	Company profile of Japanese pharmaceutical MNEs	55
4.8	Main international drugs of Japanese pharmaceutical MNEs	56
4.9	Geographic breakdown of turnover of pharmaceutical MNEs (billion ¥, March 2003)	57
5.1	Indices of hourly compensation costs for production workers in manufacturing (Index: US=100)	63
5.2	Number of UK and European suppliers for Japanese car plants in the UK	66
6.1	Classification of entry mode by Japanese automobile MNEs	108
6.2	Classification of entry mode by Japanese pharmaceutical MNEs	109
7.1	European headquarters of Japanese MNEs	130
