Abstract	viii
Introduction	ix
Chapter I. Maximality Properties in Numerical Semigroups	1
1. Symmetric semigroups and pseudo-symmetric semigroups	1
2. The Lipman semigroup of an ideal and semigroups of maximal embedding dimension	8
3. Arf semigroups	14
4. Symmetric or pseudo-symmetric Arf semigroups	20
5. Propinquity of symmetric Arf semigroups	26
6. Arf semigroups and degree of singularity	33
Chapter II. Maximality Properties in One-Dimensional Analytically Irreducible Local Domains	38
1. Gorenstein domains and Kunz domains	38
2. Domains with maximal embedding dimension and Arf domains	48
3. Arf Gorenstein domains and Arf Kunz domains	57
4. Gorenstein overrings of a Gorenstein domain	63
5. One-dimensional analytically irreducible local Arf domains and degree of singularity	68
