|--|----|
| Introduction | 1 |
| Notations and Conventions | 3 |
| I \mathcal{R} -Boundedness and Sectorial Operators | 5 |
| 1 Sectorial Operators | |
| 1.1 Sectorial Operators | 8 |
| 1.2 Permanence Properties | 9 |
| 1.3 Perturbation Theory | 11 |
| 1.4 Dunford Functional Calculus | 12 |
| 2 The Classes $\mathcal{BIP}(X)$ and $\mathcal{H}^\infty(X)$ | |
| 2.1 Extended Functional Calculus | 16 |
| 2.2 Fractional Powers of Sectorial Operators | 19 |
| 2.3 Operators with Bounded Imaginary Powers | 21 |
| 2.4 Operators with Bounded \mathcal{H}^∞ -Calculus | 24 |
| 3 \mathcal{R} -Bounded Families of Operators | |
| 3.1 \mathcal{R} -Bounded Families of Operators | 26 |
| 3.2 Unconditional Schauder Decompositions | 31 |
| 3.3 Operator-Valued Fourier Multipliers: One Variable | 35 |
| 3.4 Fourier Multipliers: Several Variables | 39 |
| 4 \mathcal{R} -Sectorial Operators and Maximal L_p -Regularity | |
| 4.1 \mathcal{R} -Sectorial Operators | 42 |
| 4.2 \mathcal{R} -Sectorial Operators and Maximal L_p -Regularity | 44 |
| 4.3 Sufficient Conditions | 47 |
| 4.4 Operators with \mathcal{R} -Bounded Functional Calculus | 50 |
| 4.5 Further Sufficient Conditions for \mathcal{R} -Boundedness | 53 |
| II Elliptic and Parabolic Boundary Value Problems | 57 |
| 5 Elliptic Differential Operators in $L_p(\mathbb{R}^n; E)$ | |

| | |
|--|-----|
| 5.1 Kernel Estimates | 60 |
| 5.2 \mathcal{H}^∞ -Calculus for Elliptic Operators | 65 |
| 5.3 Elliptic Operators with Variable Coefficients | 67 |
| 6 Elliptic Problems in a Half Space: General Banach Spaces | |
| 6.1 Partial Fourier Transforms | 71 |
| 6.2 The Lopatinskii-Shapiro Condition | 74 |
| 6.3 Kernel Estimates | 77 |
| 6.4 Solution Operators | 80 |
| 7 Elliptic Problems in a Half Space: Banach Spaces of Class \mathcal{HT} | |
| 7.1 \mathcal{H}^∞ -Calculus | 85 |
| 7.2 \mathcal{R} -Bounds for Solution Operators | 89 |
| 7.3 Perturbations | 92 |
| 7.4 Variable Coefficients in a Half Space | 98 |
| 8 Elliptic and Parabolic Problems in Domains | |
| 8.1 Localization Techniques and Main Result for Domains | 99 |
| 8.2 Proof of the Main Result for Domains | 102 |
| Notes | 108 |
| References | 111 |
