

Contents

	Page
Preface	vii
Part I. Crossed products of von Neumann algebras	
1. Introduction	1
2. Crossed products of von Neumann algebras	3
3. The commutation theorem for crossed products	13
4. Duality	25
Part II. The structure of type III von Neumann algebras	
1. Introduction	34
2. Crossed products with modular actions	35
3. The semi-finiteness of $M \otimes_{\sigma} \mathbb{R}$	43
4. The structure of type III von Neumann algebras	50
Appendix A	56
Appendix B	58
Appendix C	59
Appendix D	61
References	65
Index	67
