

Contents

<i>Summary</i>	<i>i</i>
I. Introduction, purpose and scope of study	1
II. Overview of macroeconomic developments	5
A. Contribution to GDP growth	5
B. Progress towards macroeconomic stabilization	10
III. Variation in output development among the CIS countries	13
IV. Growth accounting results	17
A. Literature review	18
B. Data and methodology	19
C. Sources of CIS growth	23
D. Sources of growth in the fast growing economies	32
V. Determinants of growth	36
A. Literature review	37
B. The role of remittances and Russia as the engine of growth	38
C. Structural reforms and institutional quality	45
D. Model specification and estimation	47
E. Robustness and estimation results	54
VI. Conclusion and policy challenges	62
References	64
Appendix of Tables	69

Boxes

Box 1	Labour market	12
Box 2	Country experiences in managing natural resources	36
Box 3	CIS competitiveness	40
Box 4	Depth of the financial system	53

Tables (Text)

Table 1	Output performance in the FSU, 1990–2005	2
Table 2	Key economic and financial indicators, 1996–2005	11
Table 3	Production function estimates for transition countries	22
Table 4	Growth accounting results, 1991–2005	27
Table 5	Comparison of growth accounting by countries and regions	31
Table 6	Investment and export concentration of fast-growing economies	32
Table 7	Workers' remittances, 2000–2005	42
Table 8	Structural reforms, business environment and institutions, 1995–2005	48
Table 9	Selected summary statistics (mean values)	54
Table 10	Cross correlation between variables	57
Table 11	Growth regression results: short-run coefficients	59
Table 12	Growth regression results: long-run coefficients	60
Table 13	Some determinants of total factor productivity growth	61

Tables (Appendix)

Table A14	Contribution to growth in real GDP: expenditure side	70
Table A15	Contribution to growth: production side	70
Table A16	Gross value added by sectors, 2000 = 100, at prices of 2000	71
Table A17	Composition of exports according to SITC, 2001–2005	73
Table A18	Direction of trade	74
Table A19	Real GDP growth, 1990–2005	75
Table A20	Real GDP index, 1990 = 100	76
Table A21	Investment to GDP ratio	77
Table A22	Employment in the FSU, 1990–2005	78
Table A23	Terms of trade, 2000 = 100	79
Table A24	Institutional quality indicators	80
