

CONTENTS

Frontispiece	ii
Preface	xi
§1. Notation	1
§2. Representing Sets	4
§3. Sperner Systems	10
§4. The Littlewood-Offord Problem	17
§5. Shadows	23
§6. Random Sets	35
§7. Intersecting Hypergraphs	45
§8. The Turán Problem	53
§9. Saturated Hypergraphs	61
§10. Well-Separated Systems	71
§11. Helly Families	82
§12. Hypergraphs with a given number of Disjoint Edges	87
§13. Intersecting Families	95
§14. Factorizing Complete Hypergraphs	105
§15. Weakly Saturated Hypergraphs	116
§16. Isoperimetric Problems	122
§17. The Trace of a Set System	131
§18. Partitioning Sets of Vectors	135
§19. The Four Functions Theorem	143
§20. Infinite Ramsey Theory	155
References	168
Index	176
