

Contents

Preface	5
Chapter One: Trees and Tree Algebras	
1.1. The Concept of Intersection Vertex	11
1.2. Tree Algebra	19
1.3. The Relation of Tree Algebras and Trees	22
Chapter Two: Rooted Properties of Trees	
2.1. Rooted Properties of Tree Algebras	31
2.2. Tree Semilattice	35
Chapter Three: Ideals and Intersection Vertex Functions	
3.1. Ideals	43
3.2. Independent Sets and Margins of Ideals	44
3.3. Intersection Vertex Functions	48
Chapter Four: A Tree With Ordered Vertices	
4.1. Smooth Ordering Relation	61
4.2. Rooted Properties of Smooth Ordering	67
4.3. Chief Vertices	69
4.4. Chief Vertices and Intersection Vertex Functions	73
4.5. Projectivity	76
Index	79
Summary in Czech	81
Postscript by P. Novák	83
