

# TABLE OF CONTENTS

Abstract . . . . .	iv
Table of Contents . . . . .	iii
Chapter	
I. Introduction . . . . .	1
II. The interpolation formula . . . . .	6
III. The slowly decreasing conditions . . . . .	31
IV. The generalized Koszul complex . . . . .	39
V. Representation theorems for systems of convolution equations in the spaces $A_p(\mathbb{C}^n)$ . . . . .	69
VI. Inductive limits of spaces $A_p(\mathbb{C}^n)$ . . . . .	94
VII. The representation theorems and the LAU-spaces . . . . .	108
VIII. The spaces $\mathcal{D}'_\omega(\mathbb{R}^n)$ and $\mathcal{D}'_\omega(\mathbb{R}^n)$ . . . . .	141
IX. Some open questions . . . . .	161
Bibliography	165
