	Page
Preface.....	i
1. Exterior Algebra.....	1
1.1 Summation convention.....	1
1.2 Change in basis in V	1
1.3 Contravariant and Covariant Vectors.....	3
1.4 Change of basis in V'	3
1.5 Tensors.....	4
1.6 Components of a tensor.....	4
1.7 On the algebra of tensors.....	5
1.8 Transformation formulas.....	6
1.9 Contraction.....	7
1.10 Symmetric and skew-symmetric tensors.....	9
1.11 Constructing skew-symmetric tensors.....	10
1.12 Metric tensors.....	12
1.13 Associated tensors.....	13
1.14 Exterior algebra.....	14
1.15 A basis for the exterior algebra.....	15
2. Smooth Manifolds.....	17
2.1 Preliminaries.....	17
2.2 Lemma.....	18
2.3 Theorem.....	18
2.4 Smoothness structures.....	19
2.5 Smooth manifolds.....	20
2.6 Smooth functions.....	22
2.7 Proposition.....	24
2.8 Remark.....	24
2.9 Tangent vectors.....	25
2.10 Theorem.....	28
2.11 Corollary.....	29
2.12 Theorem.....	30
2.13 The differential of a mapping.....	31
2.14 Theorem.....	32
3. Vector Fields.....	39
3.1 Vector fields.....	39
3.2 Extensions and restrictions of vector fields.....	40
3.3 Theorem.....	41
3.4 Contravariant vectors.....	42
3.5 Liftings of mappings.....	44
3.6 The tangent bundle of M	44
3.7 The Lie product.....	48

	Page	
4.	1-Forms.....	53
4.1	1-forms.....	53
4.2	Extensions and restrictions of 1-forms.....	53
4.3	Theorem.....	54
4.4	Covariant vectors.....	54
4.5	The reciprocal map.....	55
5.	Flows and Vector Fields.....	58
5.1	Flows and vector fields.....	58
5.2	The vector field generated by a flow.....	59
5.3	A partial converse to 5.2.....	60
5.3.1	Theorem.....	61
5.4	Induced flows.....	62
6.	Tensor Fields and Riemannian Metrics.....	68
6.1	Tensor fields.....	68
6.2	Multilinear algebra and covariant tensors.....	69
6.2.1	Definition.....	70
6.2.2	Theorem.....	71
6.2.3	Lemma.....	72
6.2.4	Theorem.....	72
6.3	Riemannian metrics.....	73
6.3.1	Definition.....	73
6.3.2	Definition.....	77
7.	Existence of Riemannian Metrics.....	80
7.1	Introduction and definitions.....	80
7.2	Construction of a Riemannian metric.....	82
7.2.1	Lemma.....	83
7.2.2	Lemma.....	84
7.3	Remarks.....	84
8.	The Grassmann Algebra.....	86
8.1	Differential forms.....	86
8.2	Theorem.....	86
8.3	Theorem.....	88
8.4	Theorem.....	89
8.5	Theorem.....	90
8.6	Remark.....	93
8.7	De Rham's Theorem.....	93
9.	Miscellaneous Exercises.....	97
