

## TABLE OF CONTENTS

Introduction .....	v
Notation .....	xi
Chapter 1: Reciprocals of multiplicative functions .....	1
Notes .....	21
Chapter 2: Reciprocals of "small" additive functions	
§1. Introduction .....	29
§2. The method .....	31
§3. Selberg's result and basic definitions .....	32
§4. The main theorem .....	35
§5. Applications of the main theorem .....	42
§6. A generalization of the main theorem .....	46
§7. Estimates for $\sum_{n \leq x} 1/(f(n))^k$ for an arbitrary positive integer $k$ .....	48
Notes .....	63
Chapter 3: Reciprocals of logarithms of multiplicative functions	
§1. Functions with main term asymptotic to $Cx/\log x$ .....	65
§2. Functions with main term asymptotic to $Cx/\log \log x$ ...	75
§3. Functions with main term asymptotic to $Cx$ .....	81
Notes .....	89

Chapter 4: Sums of quotients of additive functions	
§1. Introduction .....	95
§2. Sums of quotients of "small" additive functions .....	96
§3. Sums of quotients of additive functions which behave "like $e \log n$ " .....	100
Notes .....	107
Chapter 5: A sharpening of asymptotic formulae	
§1. Introduction .....	111
§2. The lemmas .....	113
§3. The theorems .....	133
§4. Applications and remarks .....	141
Notes .....	144
Chapter 6: Reciprocals of "large" additive functions	
§1. Introduction .....	147
§2. Bounds for sums of reciprocals .....	151
§3. The functions $\beta$ , $B$ and $B_1$ .....	156
Notes .....	167
Chapter 7: Reciprocals in short intervals	
§1. Introduction .....	175
§2. An asymptotic formula for $z^{f(n)}$ in short intervals ..	177
§3. Reciprocals in short intervals .....	189
Notes .....	191
Chapter 8: Reciprocals of additive functions restricted to parti- cular sequences of integers	
§1. Introduction .....	201

§2. "Small" additive functions and quotients of additive functions .....	201
§3. Reciprocals of logarithms of multiplicative functions .	210
Notes .....	225
Chapter 9: Other estimates and some open problems	
§1. Introduction .....	229
§2. Miscellaneous estimates .....	231
§3. Open problems .....	240
References .....	251
Subject index .....	259
