

CONTENTS

INTRODUCTION	1
CHAPTER 1. NONTECHNICAL SYSTEMIC DESCRIPTION AND ILLUSTRATIVE EXAMPLES	12
1.1 The variational calculus	13
1.2 Almost minimizing varifolds	28
1.3 Stable manifolds	41
1.4 Topology of regular critical surfaces	46
CHAPTER 2. PRELIMINARIES	48
2.1 Definitions, notation, and terminology	48
2.2 Curvature formulas	68
2.3 Variations	73
2.4 Useful varifold operations	75
2.5-2.7 Consequences of first variation	84
CHAPTER 3. ALMOST MINIMIZING VARIFOLDS	91
3.1-3.2 Almost minimizing varifolds	94
3.3 Stability of almost minimizing varifolds	96
3.4-3.9 Equivalent formulations of almost minimizing	97
3.10-3.11 The class \mathcal{H} of comparison surfaces	127
3.12 Varifold tangents	131
3.13 Integrality theorem for almost minimizing varifolds	133

CHAPTER 4.	EXISTENCE OF ALMOST MINIMIZING VARIFOLDS	138
4.1-4.2	Homotopy relations	139
4.3	Stationary varifolds and critical sequences	147
4.4-4.7	Nontrivial homotopy classes	153
4.8-4.9	Covering lemmas	159
4.10-4.13	Existence theorems for almost minimizing varifolds	162
CHAPTER 5.	POINTWISE CURVATURE ESTIMATES FOR STABLE HYPERSURFACES	178
5.1-5.2	Preliminary notation and estimates	180
5.3-5.7	Curvature integral estimates for stable hypersurfaces	186
5.8-5.13	Pointwise estimates for subsolutions of elliptic equations on varifolds	202
5.14-5.15	Pointwise curvature estimates on stable hypersurfaces	214
CHAPTER 6.	DECOMPOSITION THEOREM FOR STABLE HYPERSURFACES	224
6.1	Decomposition of a varifold	226
6.2	Useful constants	226
6.3-6.5	Decomposition theorem	227
6.6	Tangent cones of limits of stable manifolds	229
6.7-6.11	Miscellaneous estimates	232
6.12	"Little" decomposition theorem	248
6.13-6.17	Proof of decomposition theorem	263

CHAPTER 7.	REGULARITY	288
7.1	Preliminary remarks	290
7.2-7.3	Regularity of area minimizing hypersurfaces	291
7.4	Regularity of limits of stable manifolds	293
7.5	Compactness theorem for stable hypersurfaces	296
7.6	Disk theorem for stable cones	296
7.7	Regularity of comparison surfaces in the class \mathfrak{B}	298
7.8	Tangent cones of almost minimizing varifolds	299
7.9-7.11	Regularity of almost minimizing varifolds in a disk	301
7.12	Regularity of almost minimizing varifolds in an annulus	319
7.13	Existence of regular minimal hypersurfaces	324
7.14	Existence of manifolds of general critical type	325
