

## CONTENTS

1. Introduction .....	1
2. Explicit formulas .....	6
3. Change of orders .....	13
4. Class groups of $p$ -groups .....	18
5. Mayer-Vietoris sequences .....	20
6. Calculations .....	24
7. Survey of specific results .....	28
8. Induction techniques .....	31
9. Picard groups .....	35
References .....	41
Index .....	44
