

TABLE OF CONTENTS

Preface.....	v
Chapter I: Variational Theory and Comparison Theorems.....	1
§1. The First and Second Variation of Arc Length.....	1
§2. The Analytic Comparison Theorems.....	10
§3. The Geometry of Riemannian Manifolds.....	18
Chapter II: $1/4$ -Pinched Manifolds.....	26
§1. The Cut Locus and Injectivity Radius of Riemannian Manifolds.....	26
§2. Even Dimensional Manifolds of Minimum Diameter.....	30
§3. Proof of M. Berger's Theorem.....	35
Chapter III: Riemannian Homogeneous Spaces.....	43
§1. Lie Groups and Homogeneous Spaces.....	43
§2. Riemannian Homogeneous Spaces.....	48
§3. The Canonical Connection and Jacobi's Equations.....	54
Chapter IV: Riemannian Symmetric Spaces of Rank One.....	64
§1. Introduction.....	64
§2. Riemannian Symmetric Spaces of Rank One.....	70
§3. Riemannian Symmetric Spaces of Rank One as Projective Spaces.....	74
Appendix.....	79
Subject Index.....	81
