

CONTENTS

Apologia	xi
Chapter 1	
Some Necessary Group Theory	1
Chapter 2	
Some Necessary Topology	33
Chapter 3	
Knots and Pictures of Knots	63
Chapter 4	
Braids and the Braid Group	75
Chapter 5	
Some Connections between Braids and Links	111
Chapter 6	
The Group of a Link	119
Chapter 7	
Group Rings	131
Chapter 8	
Derivatives	139
Chapter 9	
Alexander Matrices	155
Chapter 10	
Elementary Ideal of Alexander Matrix	171
Chapter 11	
Alexander Polynomial of a Knot	175

Chapter 12	
Alexander Polynomial of a Link	185
Chapter 13	
Some Matrix Representations of the Braid Group	189
Chapter 14	
Operations on Braids and Resulting Links	209
Chapter 15	
The Group of a Free Endomorphism	217
Chapter 16	
Alexander Polynomials Revisited	223
Chapter 17	
Meridians and Longitudes	231
Chapter 18	
Symmetry of Alexander Matrices of Knots	243
Chapter 19	
Symmetry of Alexander Matrices of Links	249
Chapter 20	
Conjugacy of Group Automorphisms	261
Chapter 21	
Plait Representations of Links	281
Chapter ω	
A List of Links	287
Bibliography	289
Index	293
