

## CONTENTS

INTRODUCTION		III
Lecture 1:	Embedded resolution of algebraic surfaces after Abhyankar (characteristic 0) by U. Orbanz	1
Lecture 2:	Desingularization in low dimension by J. Giraud	51
Lecture 3:	Desingularization in dimension two by V. Cossart	79
Appendix:	Desingularization of excellent surfaces, Lectures by H. Hironaka, Advanced Study Seminar in Algebraic Geometry, Bowdoin College 1967, Notes by B.M. Bennett	99
