

# Contents

Preface	ix
Chapter 1. Older Results on the Markoff Spectrum	1
Chapter 2. Markoff Numbers and Markoff Forms	17
Chapter 3. The Markoff and Lagrange Spectra Compared	35
Chapter 4. Hall's Ray	47
Chapter 5. Gaps in the Spectra	57
Chapter 6. The Measure of the Spectra	65
Chapter 7. The Spectra via the Modular Group	77
Appendix 1. Alternative Definitions of the Spectra	85
Appendix 2. Facts about Continuants	89
Appendix 3. Pell Equations and Automorphs of Indefinite Quadratic Forms	91
References	93
