I
Social Capital: Whence it Came

1. Introduction: Why Investigate Social Capital? 17
   Sanjeev Prakash/Per Selle

2. Social Capital and Democracy: Institutional and Social Preconditions 47
   Axel Hadenius

3. Is Civil Society the Answer? 64
   Susanne Hoeber Rudolph

4. Social Capital of Individuals: Relational Asset or Personal Quality? 88
   Paul Dekker

II
Empirical Approaches

5. Social Capital and Institutional Legitimacy: The Corleone Connection 113
   Bo Rothstein

   Mario Diani

7. Organizational Memberships and Crosscutting Ties: Bonding or Bridging Social Capital? 162
   D. Douglas Caulkins
8. Communities, Social Capital and Local Government: 
   Generalized Trust in Regional Settings  
   *Dietlind Stolle*  
   184

9. Putting Social Capital to Work: Agency and Development  
   *Anirudh Krishna*  
   207

### III 

**New Directions and Cul-de-Sacs**

10. Passive Membership in Voluntary Organizations: 
    Implications for Civil Society, Integration 
    and Democracy  
    *Dag Wollebæk/Per Selle*  
    235

11. Social Capital and Economic Development: 
    A Plea for Mechanisms  
    *Gaute Torsvik*  
    257

12. Surfing for Online Connectedness: 
    Is the Internet Helping to End Civic Engagement?  
    *Tommy Tranvik*  
    281

List of Tables

4.1 Issues to investigate at the crossing of dimensions of the use of 'social capital' 90
4.2 Social capital indicators: Brief description and percentage positive scores of the Dutch population aged 16 and over 94
4.3 Indicators for individual resources, ego-security and self-confidence: Brief description and percentage positive scores of the Dutch population aged 16 and over 96
4.4 Social capital dimensions: Loadings on the first principal component and on 2 and 5 varimax rotated components 97
4.5 Social capital clusters: Positive scores on the social capital indicators (in per cent) and the proportion of the population in each cluster 98
4.6 Determinants of volunteering (VOLUNT); adjusted odds-ratios 101
4.7 Determinants of social trust (SOCTRUST); adjusted odds-ratios 102
5.1 Correlations between generalized trust and trust in institutions 130
5.2 Attitudes towards serious misuse of power 132
5.3 Step-wise multiple regression models (Generalized trust dependent variable) 133
6.1 Trust in political and social institutions (principal components; varimax rotation) 143
6.2 Dependent and independent variables: Descriptive statistics 144
