

TABLE OF CONTENTS

Abstract	1
PROBLEMS	
CHAPTER 1 - INTRODUCTION	3
CHAPTER 2 - THE NEED FOR A NEW LEARNING METHODOLOGY	6
Reason, Logic and Proof	6
Source Material	9
Approach	10
Resources	11
CLINICAL AND EMPIRICAL EXPERIENCE	
CHAPTER 3 - TRAUMATIC LEARNING.	15
Exceptional Learning	15
Eidetic Recall	15
Absent and False Memories	17
The Paradox of Traumatic Learning	18
Ritual	20
Memory Stability	24
Reflexive Learning	26
Frozen Learning	29
Associative and Interpretive Recrafting	31
Peripheral Learning	33
Learning Object Constancy	35
Interpretive Resources	36
Traumatic Recruitment and Reinforcement	38
Recovery	41
Mind-Body-Spirit	45

Generational Transmission	45
Symbols	49
Rhythmicity	52
CHAPTER 4 - COGNITIVE LEARNING	56
Cognition	56
Metacognition	58
World View	61
Spirituality	62
Learning Disabilities	64
Developmental Learning	67
Sex and Intelligence	69
EXPERIMENTAL EVIDENCE	
CHAPTER 5 - NON-IMAGING STUDIES	72
Postmortem and Ablative Studies	72
Brain Language	77
Lateralization	79
Recruitment	81
The Embryological Perspective	83
The Triune Brain	85
Cerebral Organization	88
Displacement	91
Cerebellar Organization	93
The Thalamus and Limbic System	94
Feelings	97
Myelination	99
Critical Language Period	101
CHAPTER 6 - IMAGING STUDIES	105
Brain Imaging	105

Cerebral Learning and the Birth Event	108
Early Postnatal Learning	111
Vocalization	114
Tools	116
Cerebellar Studies	118
Thalamolimbic Studies	119

NEUROBIOLOGICAL LEARNING

CHAPTER 7 - NEURO-ANATOMICAL BASES	122
------------------------------------	-----

CHAPTER 8 - NEUROBIOLOGICAL FOUNDATIONS	128
-----------------------------------------	-----

Intelligence	129
Standard Intelligence	133
G-Factor	135
Numeracy	138
Reasoning	140
Logic	142
Truth	144
Consciousness	146
Sleep and Lucid Dreaming	148
Higher-Orders of Consciousness	150

A NEUROBIOLOGICAL THEORY OF LANGUAGE ACQUISITION

CHAPTER 9 - LANGUAGE ACQUISITION	154
----------------------------------	-----

Calls	154
Speech	157
First Language Acquisition	160
Female Language	162
Reading and Writing	164
Language Sidedness	169

The Sixth Sense	172
Internal Time Consciousness	175
Discovery	178
CHAPTER 10 - SECOND LANGUAGE ACQUISITION	185
Classroom-based Studies	185
Clinical, Experimental and Imaging Studies	187
CHAPTER 11 -	
ACQUISITION OF ENGLISH AS A SUBSEQUENT LANGUAGE	191
THE NEUROBIOLOGICAL METHOD	
CHAPTER 12 - THE NEUROBIOLOGICAL METHOD	195
A Brief Summary of Neurobiological Learning	196
A New Learning Perspective	200
The Tenets of Neurobiological Learning	202
CHAPTER 13 - APPLICATION	222
Curriculum	223
Adhibition	223
Interpretation	224
Pair and Small Group Learning	224
Play	225
Capstone Projects and Ritual	225
Mentor Training and Transportability	225
CHAPTER 14 - SUMMARY, CONCLUSIONS, AND MUSINGS	227
Acknowledgments	228
Bibliography	230
Index	281
