<i>About the Authors</i>	<i>xxiii</i>
<i>Foreword: From the Director, Academic Research, KPMG LLP</i>	<i>xxv</i>
<i>Foreword: From the Technical Director, International Federation of Accountants</i>	<i>xxviii</i>
1 ASSURANCE AND AUDITING	1
Introduction 1 Information, Business, and Global Capital Markets 2 The Role of Auditing in an International Economic System 3 The Demand for Assurance: Integrity, Trust, and Risk 5 Incentives Ethical Principles The Role of Corporate Governance The Role of the External Auditor Differentiating Assurance, Attestation, Auditing, and Accounting 11 Fundamental Audit Concepts The Nature of Assurance and Attestation Engagements The Auditing Profession and Regulation 15 Entering the Profession: Education, Training, and Certification Organizational Forms of Public Accounting Firms Regulating the Auditing Profession Knowledge and Skills Needed by Auditors in the 21st Century 19 Summary and Conclusion 20 Bibliography of Related Professional Literature 21 Questions 22 Problems 23	
Case 1–1: Anthony’s Pizzeria 26	
2 MANAGING RISK: THE ROLE OF AUDITING AND ASSURANCE	27
Introduction 27 Risk Management in a Business Enterprise 29 The Nature of Risk Enterprise Risk Management Control Activities for Business Risks Control Activities for Compliance Risks Control Activities over Financial Reporting Risks Implications of Risk Management for Financial Performance 38 The Need for External Assurance as a Component of Risk Management 40 Enterprise Risk Management and the Integrated Audit 43 Phase One: Auditing Management’s Assessment of Internal Control over Financial Reporting Phase Two: Auditing Actual Effectiveness of Internal Control over Financial Reporting Phase Three: Auditing the Fairness of the Financial Statements Other Types of Assurance Engagements 46 Assurance about Compliance with Laws, Regulations, and Contractual Obligations Assurance about the Reliability of Information and Control Systems Assurance about the Effectiveness and Efficiency of Operations Summary and Conclusion 48 Bibliography of Related Professional Literature 48 Questions 50 Problems 51	

Case 2–1: Equiticorp Holdings Ltd.	54
Case 2–2: Insignia Textiles Limited	55
Case 2–3: Ucantrustus Builders Inc.	56

3 THE BUILDING BLOCKS OF AUDITING 58

Introduction	58
Management’s Assertions	59
Financial Reporting Assertions	
Internal Control Assertions	
Auditor Responsibilities	64
Reasonable Assurance about Errors and Fraudulent Misstatements	
Internal Control over Financial Reporting	
Illegal Acts by Clients	
Assessment of Going Concern	
Communicating the Results of the Audit	70
Audit Reports Related to Internal Control over Financial Reporting	
The Auditor’s Report Related to Financial Statement Assertions	
The Pervasive Concepts of Auditing: Risk, Materiality, and Evidence	76
Risk Concepts in Auditing	78
Client Business Risk	
Engagement Risk	
Audit Risk	
Materiality	81
Evidence Collection in Auditing	83
Risk Assessment	
Tests of Accounting Information	
Types of Audit Evidence	86
Competence of Audit Evidence	89
The Interrelationship of Risk, Materiality, and Evidence	91
Summary and Conclusion	92
Bibliography of Related Professional Literature	92
Questions	94
Problems	96

Case 3–1: Rocky Mountain Electric	100
Case 3–2: New Zealand Refining Co., Ltd.	102

4 THE INTEGRATED AUDIT PROCESS 104

Introduction	104
Regulation and the Audit of Financial Statements	105
Generally Accepted Auditing Standards	
Ethical Standards	
Quality Control Standards	
Client Acceptance and Retention	111
Factors Affecting Client Acceptability	
Communication with the Predecessor Auditor	
To Accept or Not?	
Engagement Letters	
Preliminary Planning	116
Obtain an Understanding of the Client	
Analyze the Organization’s Strategic Plan	
Obtain an Understanding of Information Processing	
Identify Problem Areas that May Affect Audit Planning	
Consider Special Circumstances that May Affect Audit Planning	
An Overview of the Integrated Audit Process	125
Summary and Conclusion	128
Bibliography of Related Professional Literature	128
Questions	130
Problems	130

Case 4–1: Prefab Sprout Company	135
Case 4–2: Murphy Tymshare Inc.	137
Case 4–3: Appetizing Alligator Farms Inc.	141

5 UNDERSTANDING THE CLIENT’S INDUSTRY AND BUSINESS: STRATEGIC ANALYSIS 144

Introduction	144
Knowledge Acquisition for Strategic and Process Analysis	146
Strategic Risk Analysis	
Process Risk Analysis	
Residual Risk Analysis	
Understanding a Client’s Objectives and Strategies to Achieve Objectives	150
Analyze the Organization’s Strategic Plan	
The Impact of Strategic Positioning Decisions	
Evaluating Strategic Positioning	
The Impact of Strategic Positioning on Financial Statements and the Audit	
Organizational Business Models	156
Components of the Organizational Business Model	
Analyzing the Organizational Business Model	
An Example of an Organizational	

Business Model **Analyzing Strategic Risks** 162 Macroenvironmental Forces (PEST Factors) Industry Forces (Porter's Five Forces) **Analyzing the Audit Implications of Strategic Risks** 169 **Linking Strategic Risks to Internal Processes** 175 **Summary and Conclusion** 177 **Bibliography of Related Professional Literature** 177 **Questions** 178 **Problems** 178

Case 5-1: Hoosier Cycle 182

Case 5-2: The Unfriendly Skies 183

Case 5-3: Plastic Gizmos, Inc. 185

6 BUSINESS PROCESSES AND INTERNAL RISKS

190

Introduction 190 **Internal Operations and Business Processes** 191 Primary Processes Support Processes An Example of Business Processes Comprising a Value Chain **An Overview of Process Analysis** 199 **Process Maps** 201 Process Objectives Process Activities Information Flows Accounting Impact of Process Activities **Internal Threat Analysis and Process Risks** 208 People Risks Direct Process Risks Indirect Process Risks **An Example of Process Analysis: Human Resource Management** 214 **Summary and Conclusion** 218 **Bibliography of Related Professional Literature** 218 **Questions** 219 **Problems** 220

Case 6-1: Strategic Analysis and Business Processes 223

Case 6-2: Personal Computing Concepts 224

7 RISK MANAGEMENT AND INTERNAL CONTROL

226

Introduction 226 **Using Internal Control to Mitigate Risk** 227 Internal Control Defined Components of Internal Control Levels of Control Activity **Management Controls** 233 Types of Management Control Evaluating Management Controls Evidence of Internal Controls Mitigating Risk Audit Implications of Management Controls Limitations of Management Control **Process Control Activities** 246 Performance Reviews Processing Controls Physical Controls Segregation of Duties **An Illustration of Process Controls: Human Resource Management** 256 **Internal Control and Residual Risks** 257 **Summary and Conclusion** 260 **Bibliography of Related Professional Literature** 260 **Questions** 261 **Problems** 262

Case 7-1: Alliance Management at Nike 266

Case 7-2: Franchise Management at McDonald's 267

Case 7-3: Duria's Retail 268

8 EVALUATING INTERNAL CONTROL OVER FINANCIAL REPORTING

271

Introduction 272 **Internal Control and Financial Reporting** 273 **The Financial Reporting Process** 274 Source Documents and Transactions Journals Ledgers Financial Statements Impact of Information Technology on Financial Reporting **The Role of Internal Control over Financial Reporting** 279 Management's Fundamental Responsibility for Internal Control The Auditor's Role in Evaluating Internal Control over Financial Reporting Assessing Control Risk Control Risk and Tests of Financial Statement Assertions The Auditor's Reporting Responsibilities in a Traditional Audit **An Example of Internal Control Evaluation**

and Control Risk Assessment	292
Evaluating Internal Control over Financial Reporting	
Assessing Control Risk	
Control Risk Assessments and Planned Audit Procedures	
Consideration of Internal Control over Financial Reporting in an Integrated Audit	299
Management's Responsibility to Formally Assess and Test Internal Control	
Requirement for the Auditor to Plan Internal Control Tests	
Assessment of Control Risk: Implications for Tests of Financial Statement Assertions	
The Auditor's Reporting Responsibilities in an Integrated Audit	
Summary and Conclusion	303
Appendix A: Information Technology and Internal Control	306
Impact of Information Technology	
Myths Concerning Information Technology and Internal Control	
Illustrative Controls in a Computerized Information System	
Summary	
Appendix B: Flowcharting Techniques	311
Overview of Flowcharting	
Key Elements of a Flowchart	
Guidelines for Flowchart Preparation	
Bibliography of Related Professional Literature	313
Questions	314
Problems	315
Case 8-1: The City of Smallville	321

9 INQUIRY AND ANALYTICAL EVIDENCE 332

Introduction	332
A Traditional View of Inquiry Evidence	333
A Rigorous Approach to Obtaining Inquiry Evidence	336
Planning Client Inquiries	
Conducting Client Enquires	
Introduction to Analysis: A Simple Example	340
Basic Techniques for Obtaining Analytical Evidence	342
Basic Judgmental Methods	
Advanced Judgmental Methods	
A Rigorous Approach to Obtaining Analytical Evidence	350
Performing Structured Analysis	
Potential Pitfalls from Using Analysis as Evidence	
Inquiry and Analysis in Assessing Fraud Risk	356
Statistical Methods for Obtaining Analytical Evidence	358
Overview of Univariate Regression	
An Application of Regression Analysis to Auditing	
Consideration of Key Assumptions	
Summary and Conclusion	366
Bibliography of Related Professional Literature	366
Questions	367
Problems	368
Case 9-1: Stripenburn Construction Company	374
Case 9-2: The Cleaning Company	376
Case 9-3: UDUB Limited	378

10 EVIDENCE ABOUT MANAGEMENT ASSERTIONS: LINKING RESIDUAL RISKS TO SUBSTANTIVE TESTS 382

Introduction	382
Assertions, Risks, and Evidence Revisited	384
Analyzing Residual Risks Identified from Strategic and Process Analysis	385
The Audit Risk Model	387
Risk of Material Misstatement	
Detection Risk	
Applying the Audit Risk Model	
Setting Audit Risk	
Materiality	397
Overall Planning	
Materiality	
Qualitative Considerations in Setting Materiality	
Tolerable Error:	
Allocation of Materiality to Accounts	
Determining the Nature, Extent, and Timing of Substantive Testing	401
Appropriateness of Audit Evidence	401
An Example: Linking Residual Risk Assessments to Tests of Management Assertions	405
Developing the Audit Plan for Tests of Management Assertions	407
Selecting Effective and Efficient Audit Procedures to Test Assertions	
Segmenting the Audit Plan	
The Substantive Audit Program	
Summary and Conclusion	416
Bibliography of Related Professional Literature	417
Questions	418
Problems	420

- Case 10–1: Bigbox Home Improvement Incorporated 424**
Case 10–2: Rubba-Dub-Dub Tub and Commode Company 426

11 AUDIT TESTING FOR THE SALES AND CUSTOMER SERVICE PROCESS 430

Introduction 431 An Overview of Objectives and Activities Related to Sales and Customer Service 431 Process Objectives Process Activities Transactions Arising from Sales and Customer Service 438 Sales Collections Sales Returns Bad Debt Estimation Bad Debt Write-offs Vendor Allowances and Rebates **Internal Threat Analysis for Sales and Customer Service 443** Identification of Process Risks Analysis of Process Controls Analysis of Internal Control over Financial Reporting Evaluation of Process Performance Indicators **Conclusions about Residual Risks from Sales and Customer Service 454** Testing Process Control and Internal Control over Financial Reporting Identifying Significant Residual Risks **Planning Tests of Financial Statement Assertions: Revenue and Accounts Receivable 457** Tests of Sales Transactions Substantive Analytical Procedures Tests of the Aged Receivables Trial Balance Confirmations Cutoff Tests Tests of Revenue Recognition Tests of Uncollectible Amounts **Summary and Conclusion 467** **Appendix A: Planning Tests of Financial Statement Assertions Related to Cash Balances 468** Tests of Cash Receipts Bank Confirmations Bank Reconciliations Proof of Cash Tests of Interfund Transfers **Appendix B: An Overview of Working paper Documentation Techniques 476** The Need for Documentation Audit Documentation Identification Paperless Audits Documentation Referencing Cross References Tickmarks Conclusion **Bibliography of Related Professional Literature 480** **Questions 480** **Problems 482**

- Case 11–1: Lowmaxx Retail 486**
Case 11–2: Compuville Computers 488
Case 11–3: IOU A-Lot Inc. 503

12 AUDIT TESTING FOR THE SUPPLY CHAIN AND PRODUCTION PROCESS 516

Introduction 517 An Overview of Objectives and Activities Related to Supply Chain and Production Management 517 Process Objectives Process Activities Transactions Arising from Supply Chain and Production Management 525 Purchases Disbursements Production **Internal Threat Analysis for Supply Chain and Production Management 529** Identification of Process Risks Analysis of Process Controls Analysis of Internal Control over Financial Reporting Evaluation of Process Performance Indicators **Conclusions about Residual Risks from Supply Chain and Production Management 539** Testing Process Controls and Internal Control over Financial Reporting Identifying Significant Residual Risks **Planning Tests of Financial Statement Assertions: Purchases and Accounts Payable 543** Tests of Purchase and Disbursement Transactions Substantive Analytical Procedures Tests of Accounts Payable Trial Balance Tests for Unrecorded Liabilities Confirmation of Payables **Planning Tests of Financial Statement Assertions: Inventory 549** Tests of Inventory Purchases, Conversion, and Movement Substantive Analytical Procedures Inspection of Inventory Inventory Price Tests and Obsolescence Tests of Inventory Compilation Cutoff Tests **Summary and Conclusion 556** **Bibliography of Related Professional Literature 557** **Questions 558** **Problems 559**

Case 12–1: Wal-Mart Suppliers 564

Case 12–2: Global Crossing 565

13 AUDITING RESOURCE MANAGEMENT PROCESSES

567

Introduction 567 **Part A: Auditing the Property Management Process 569**
 Process Map Internal Threat Analysis Analysis of Process Controls and Internal
 Control over Financial Reporting Evaluation of Process Performance Indicators
**Tests of Financial Statement Assertions: Property, Equipment, and
 Depreciation 577** Substantive Analytical Procedures Tests of Valuation and
 Allocation Tests of Transactions **Part B: Auditing the Financial Management
 Process 582** Process Map Internal Threat Analysis Analysis of Process Controls
 and Internal Control over Financial Reporting Evaluation of Process Performance
 Indicators **Tests of Financial Statement Assertions: Investments, Borrowed Funds,
 and Equity 590** Substantive Tests for Investments Substantive Tests for Borrowed
 Funds Substantive Tests for Equity **Summary and Conclusion 596** **Appendix:
 Substantive Tests for Transactions and Accounts in Human Resource
 Management 596** Human Resource Transactions Tests of Financial Statement
 Assertions: Payroll and Accrued Liabilities Tests of Transactions Substantive
 Analytical Procedures Cutoff Tests Confirmation of Obligations **Bibliography of
 Related Professional Literature 604** **Questions 605** **Problems 606**

Case 13–1: OPM Leasing Inc. 609

Case 13–2: WorldCom 611

14 COMPLETING THE INTEGRATED AUDIT I: BUSINESS MEASUREMENT ANALYSIS

612

Introduction 612 **An Overview of Final Evidence Aggregation and Preparation of
 the Financial Statements 614** **Business Measurement Analysis: Analyzing the
 Compiled Financial Statements 615** Evaluating Performance: Financial
 Performance Measures Evaluating Performance: Nonfinancial Performance
 Measures **Business Measurement Analysis Based on the Balanced Scorecard
 Final Review of Financial Results: An Integrated Example 621** Financial
 Performance Market Performance Process Performance: Product Design and
 Development Process Performance: Customer Sales and Service Process
 Performance: Production Management Resource Performance: Human Resources
 Resource Performance: Supply Chain Resource Performance: Property Resource
 Performance: Financial Management Overall Audit Conclusion Implications
Evaluation of Potential Going Concern Problems 634 Assessing the Risk of
 Financial Failure Considering Management Responses to Going Concern Threats
Summary and Conclusion 637 **Appendix A: Background Information for AMA
 Autoparts Inc. 637** Company Background Summary of Key Accounting Policies
 and Procedures Production and Sales Financing Arrangements **Appendix B:
 Identifying Going Concern Problems Using Statistical Analysis 640**
Bibliography of Related Professional Literature 641 **Questions 642**
Problems 643

Case 14–1: Video Replay 648

15 COMPLETING THE INTEGRATED AUDIT II: AUDIT REPORTING**650**

Introduction 650 **Completion Procedures 652** Review for Contingent Losses Attorney (Legal) Confirmations Review of Subsequent Events Representation Letters **Final Evaluation of Audit Evidence 659** Evaluation of Presentation and Disclosure Assertions Review of Audit Documentation and Conclusions Client Negotiation and Resolution of Known Misstatements Final Technical Review **Accounting Choices and the Quality of Earnings 664** The Impact of Accounting Choices, Policies, and Procedures Seven Ways Accounting Choices Can Lower Earnings Quality Assessing Earnings Quality **External Communication of Audit Results 669** Standard Unqualified Auditor's Report Unqualified Auditor Reports with an Explanatory Paragraph Auditor's Reports Other than Unqualified Subsequent Discovery of a Misstatement in the Financial Statements Audit Report for Internal Control over Financial Reporting **Communications of Audit Results to Management and Those Charged with Governance 679** Formal Reporting to the Audit Committee Reports on Internal Control Issues Discovered as Part of the Financial Statement Audit Management Letters **Summary and Conclusion 683** **Bibliography of Related Professional Literature 683** **Questions 685** **Problems 687**

Case 15–1: Auditor's Reports 693

16 INTERPRETING SAMPLE-BASED AUDIT EVIDENCE**694**

Introduction 695 **The Role of Sampling in an Audit 695** **Selecting a Sample for Audit Testing 697** Population of Prenumbered Documents A Technique for Refining Sample Selection: Stratified Sampling Other Types of Populations **Tests of Process Controls and Transactions: Attribute Sampling and Sample Evaluation 704** Step 1: Identify the Audit Procedure and the Purpose of the Test Step 2: Define the Population and Sample Unit Step 3: Define the Deviation Conditions Step 4: Specify the Tolerable Deviation Rate (TDR) Step 5: Specify the Acceptable Risk of Overreliance (ARO) On Controls Step 6: Estimate the Expected Deviation Rate (EDR) Step 7: Determine the Sample Size (n) Step 8: Select the Sample Step 9: Perform the Audit Procedure and Document the Results Step 10: Generalize the Sample Results to the Population Step 11: Analyze Individual Deviations Step 12: Conclude Whether the Assertion Tested is Acceptable **Tests of Account Balance Details: Dollar Unit Sampling 714** Step 1: Identify the Audit Procedure and Purpose of the Test Step 2: Define the Population and Sample Unit Step 3: Define the Error Conditions Applicable to the Audit Procedure Step 4: Specify the Tolerable Error Level (TEL) Step 5: Specify the Acceptable Risk of Incorrect Acceptance (ARIA) Step 6: Estimate the Expected Error Level (EEL) and the Expected Tainting Factor (ETF) Step 7: Determine the Sample Size (n) Step 8: Select the Sample Step 9: Perform the Audit Procedure and Document the Results Step 10: Generalize the Sample Results to the Population Step 11: Analyze Individual Errors Step 12: Conclude Whether the Account Balance Tested Is Acceptable **Judgmental Approaches to Sampling 723** Common Errors in Sampling **Summary and Conclusion 726** **Bibliography of Related Professional Literature 726** **Questions 727** **Problems 729**

17 THE ETHICAL AUDITOR: FACTORS AFFECTING AUDITOR DECISION MAKING 732

Introduction 732 Auditing as a Profession 734 Auditing as an Ethical Judgment Process 734 Ethics and Judgment Professional Audit Judgment and Ethical Decision Making Threats to the Quality of Individual Auditor Judgment 737 Concerns about Bias in Individual Professional Judgment Concerns about Ethical Reasoning in Individual Professional Judgment Reducing Ethical Dilemmas and Judgment Biases among Professionals Institutional Forces that Reinforce Ethical Auditor Judgment 749 Codes of Professional Conduct Rules Regarding Auditor Independence Effect of Auditing Standards on Judgment Audit Firm Quality Control Standards Peer Reviews and Practice Inspections Institutional Forces that Punish Lapses in Auditor Judgment 761 Regulatory Intervention Legal Liability—Common Law Legal Liability—Statutory Law Legal Prosecution—Criminal Law Summary and Conclusion 775 Appendix 775 Bibliography of Related Professional Literature 778 Questions 780 Problems 782

Case 17–1: First Securities 787

18 AUDIT AND ASSURANCE SERVICES 790

Introduction 790 Financial Information Assurance Services 791 Review of Annual Financial Statements Review of Interim Financial Statements Compilation of Financial Statements Engagements Applying Agreed-Upon Procedures Examination of Prospective Data and Forecasts Letters to Underwriters General Characteristics of Assurance Engagements 806 Assurance Services Assurance Engagements An Example: Corporate Sustainability Reporting Attestation Services 811 Standards Applicable to All Attest Engagements Attest Engagements Related to Compliance Other Assurance Services 818 Enterprise Risk Management (ERM) Evaluation of Systems Reliability: Trust Services Privacy Assurance Other New Assurance Services Operational and Comprehensive Audits 824 Public Accounting and the Future of Assurance Services 827 Summary and Conclusion 829 Bibliography of Related Professional Literature 829 Questions 830 Problems 832

Case 18–1: Assurance of Corporate Sustainability Reports 837

Case 18–2: Assurance of Enterprise Risk Management 838
