

# CONTENTS

<b>LIST OF ABBREVIATIONS</b>	v
<b>1. INTRODUCTION</b>	1
1.1. Scope and organization of this work	2
1.2. Corpus and data	7
<b>2. A DIFFERENT VIEW OF METAPHOR: METAPHOR IN COGNITIVE LINGUISTICS</b>	13
2.1. Metaphor before the advent of Cognitive Linguistics	13
2.2. Metaphor in Cognitive Linguistics	19
2.2.1. Objectivism vs. experientialism	19
2.2.2. Metaphor as an Idealized Cognitive Model	23
2.3. Conclusion	35
<b>3. IMAGE-SCHEMAS</b>	36
3.1. Classification of metaphorical expressions	36
3.1.1. Metaphors based on the Great Chain of Being	37
3.1.2. Situational metaphors	38
3.2. The nature of image-schemas	41
3.2.1. Definition of image-schema	41
3.2.2. Characteristics of image-schemas	42
3.3. Research on image-schemas	44
3.3.1. Image-schemas in the brain	44
3.3.2. Image-schemas as basic level categories	44
3.3.3. Image-schemas in developmental psychology	45
3.3.4. Image-schemas in linguistics and philosophy	46
3.4. Conclusion	56
<b>4. CONTAINER METAPHORS</b>	57
4.1. Structural elements and basic logic of the CONTAINER image-schema	59
4.2. CONTAINER metaphors for the expression of emotions	62
4.2.1. ABSTRACT ENTITIES ARE CONTAINERS	62
4.2.2. EMOTIONAL ENTITIES or EMOTIONS ARE CONTAINERS	64
4.2.3. PEOPLE ARE CONTAINERS	68

4.2.4. Some additional remarks about CONTAINER metaphors for the expression of emotions	89
4.3. The nature of containers	91
4.3.1. Open and closed containers	91
4.3.2. The prepositions <i>in/out</i> in relation to the notions of <i>trajector</i> and <i>landmark</i>	94
4.3.3. Some additional characteristics of containers	103
4.4. Schemas subsidiary to the CONTAINER image-schema	106
4.4.1. The FULL-EMPTY image-schema	106
4.4.2. The EXCESS image-schema	116
4.5. Conclusion	122
<b>5. PATH METAPHORS</b>	123
5.1. Structural elements and basic logic of the PATH image-schema	124
5.2. Spatial meaning and the PATH image-schema	129
5.2.1. Manner and path languages and their connection with emotion metaphors	129
5.2.2. The metaphorical connection between spatiality and causality	135
5.3. The nature of paths	136
5.3.1. Dynamic vs. static paths	136
5.3.2. A typology of paths	137
5.4. Schemas subsidiary to the PATH image-schema	139
5.4.1. The FORCE image-schema	139
5.4.1.1. COMPULSION	144
5.4.1.2. BLOCKAGE	149
5.4.1.3. COUNTERFORCE	153
5.4.1.4. REMOVAL OF RESTRAINT	156
5.4.1.5. ENABLEMENT	159
5.4.1.6. DIVERSION	160
5.4.1.7. ATTRACTION and REPULSION	165
5.4.1.8. Talmy's Force Dynamics	167
5.4.2. The PROCESS image-schema	176
5.4.3. The FRONT-BACK image-schema	180
5.4.4. The NEAR-FAR image-schema	184
5.4.5. The CIRCLE image-schema	187
5.4.5.1. The CYCLE image-schema	188
5.4.5.2. The SPIRAL image-schema	189

5.4.6. The VERTICALITY image-schema	191
5.5. Conclusion	194
<b>6. PART-WHOLE METAPHORS</b>	<b>196</b>
6.1. The PART-WHOLE image-schema	196
6.1.1. Structural elements and basic logic of the PART-WHOLE schema	196
6.1.2. Meronymy and the part-whole relationship	198
6.1.3. The FULL-EMPTY and the PART-WHOLE image-schemas	200
6.1.4. Is PART-WHOLE subsidiary to CONTAINER?	201
6.2. Schemas subsidiary to the PART-WHOLE image-schema	202
6.2.1. The MERGING and MATCHING image-schemas	202
6.2.2. The COLLECTION image-schema	204
6.2.3. The CENTRE-PERIPHERY image-schema	206
6.2.4. The LINK image-schema	208
6.3. Conclusion	209
<b>7. INTERACTIONAL PATTERNS</b>	<b>211</b>
7.1. Interaction and image-schematic enrichment: preliminaries	212
7.1.1. Types of image-schematic subsidiarity	212
7.1.2. Interaction and image-schematic enrichment	216
7.1.3. Principles which regulate conceptual projection	220
7.2. Interaction between image-schemas	223
7.3. Interaction between image-schemas and metaphoric and metonymic mappings	239
7.3.1. Convergence of image-schemas with metaphor	239
7.3.2. Convergence of image-schemas with metonymy	253
7.4. Interaction between image-schemas and propositional models	260
7.4.1. The axiological component	261
7.4.2. The control ICM	265
7.4.2.1. Some preliminaries about the notion of <i>control</i>	265
7.4.2.2. Ruiz de Mendoza's version of the control ICM	271
7.4.3. Axiology, control and the metaphorical expression of emotions	272

7.4.3.1. Axiology, control, and the CONTAINER and PATH image-schemas	272
7.4.3.2. Axiology, control, and the PART-WHOLE image-schema	282
7.4.3.3. Axiology, control, and the VERTICALITY image-schema	284
7.5. Conclusion	288
<b>8. CONCLUSION</b>	290
<b>CORPUS MATERIAL</b>	298
<b>REFERENCES</b>	299
