

# Table of Contents

## Full Papers

Resolving Indifferences in Multiple Attribute Business Information System Selection with Social Choice Methods <i>E. Bernroider, J. Mitloehner</i>	13
Return on Security Investments – Design Principles of Measurement Systems Based on Capital Budgeting <i>J. v. Brocke, C. Buddendick, G. Strauch</i>	21
Towards Information Management System for Licensing in Higher Education: An Ontology-Based Approach <i>O. Cherednichenko, D. Kuklenko, S. Zlatkin</i>	33
Protocols for Mobile Devices Integration in Heterogeneous Environments <i>A. Doroshenko, K. Yatsenko</i>	43
Game Theory-based Data Mining Technique for Strategy Making of a Soccer Simulation Coach Agent <i>A. M. Fard, V. Salmani, M. Naghibzadeh</i>	54
Automated Coding of Qualitative Interviews with Latent Semantic Analysis <i>I. Feinerer, F. Wild</i>	66
Analytical data modeling of investment project financing process <i>M. D. Godlevskiy, V. V. Moskalenko, V. V. Kondrashchenko</i>	78
Evaluating PSI Ontologies by mapping to the Common Sense <i>N. Keberle, V. Ermolayev, W.-E. Matzke</i>	91
Towards Entropy-Based Requirements Elicitation <i>A. V. Kostanyan, V. A. Shekhovtsov</i>	105
Transport-Problem-Based Algorithm for Dynamic Load Balancing in Distributed Logic Simulation <i>Y. V. Ladizhensky, V. V. Kourktchi</i>	117
Intention-Driven Screenography <i>T. Moritz, R. Noack, K.-D. Schewe, B. Thalheim</i>	128
Informational-Analytical Decision Support Of Strategic Acceptance Process At The Enterprise <i>V. V. Moskalenko, V. Y. Moskalenko</i>	140
Cluster Computing Using Orders Based Transparent Parallelizing <i>V. D. Pavlenko, V. V. Burdejnyj</i>	152
Knowledge and Metadata Integration for Warehousing Complex Data <i>J.-C. Ralaivao, J. Darmont</i>	164
A Modified Multilevel Approach to the Dynamic Hierarchical Clustering for	176

Complex types of Shapes <i>T. Shatovska, T. Safonova, Y. Tarasov</i>	
Constructing POSE: A Tool for Eliciting Quality Requirements <i>V. A. Shekhovtsov, R. Kaschek, S. Zlatkin</i>	187
A review of quality frameworks in information systems <i>T. T. P. Thi, M. Helfert</i>	200
<b>Short Papers</b>	
Intelligent System for Computer-assisted Clinical Cancer Image Analysis. <i>A. N. Bondarenko, A. V. Katsuk</i>	215
Knowledge-Oriented Approach to the Main Pipeline Complex Dispatching Control <i>O. Y. Fedorovich, A. V. Prokhorov, K. V. Golovan</i>	221
Exception Analysis in Service-Oriented Architecture <i>A. Gorbenko, A. Mikhaylichenko, V. Kharchenko, E. K. Iraj</i>	228
Integrating Manufacturing System Simulation Development A methodological framework <i>J. Mtaawa , Z.Basher</i>	234
Measurement, Modelling and Management Approach to the Software Project Dynamics Optimization <i>V. Soloshchuk</i>	242
