## 1. Background

Speech: a physicist remembers <i>Manfred R. Schroeder</i> .....	1
--	---

## 2. Laryngeal functions in speech

Male-female differences in anterior commissure angle <i>Minoru Hirano, Kiminori Sato and Keiichiro Yukizane</i> .....	11
--	----

Correlations among intrinsic laryngeal muscles during speech gestures <i>Christy L. Ludlow, Susan E. Sedory Holzer and Mihoko Fujita</i> .....	19
--	----

Regulation of fundamental frequency with a physiologically-based model of the larynx <i>Ingo R. Titze</i> .....	33
---	----

High-speed digital image analysis of temporal changes in vocal fold vibration in tremor <i>Shigeru Kiritani and Seiji Niimi</i> .....	53
---	----

Phonetic control of the glottal opening <i>Masayuki Sawashima</i> .....	69
--	----

## 3. Voice source characteristics in speech

Frequency domain analysis of glottal flow: The LF-model revisited <i>Gunnar Fant</i> .....	77
---	----

Consequences of intonation for the voice source <i>Janet Pierrehumbert</i> .....	111
---	-----

Fundamental frequency rule for English discourse <i>Noriko Umeda</i> .....	131
---	-----

Physiological and acoustical correlates of voicing distinction in  
esophageal speech  
*Hajime Hirose* ..... 157

#### 4. Articulatory organization

The postalveolar fricatives of Polish  
*Morris Halle and Kenneth N. Stevens* ..... 177

A note on the durations of American English consonants  
*Thomas H. Crystal and Arthur S. House* ..... 195

Articulatory coordination and its neurobiological aspects  
*Shinji Maeda and Kiyoshi Honda* ..... 215

Token-to-token variation of tongue-body vowel targets: The effect of  
context  
*Joseph S. Perkell and Marc H. Cohen* ..... 229

The phonetic realization of the *haiku* form in Estonian poetry,  
compared to Japanese  
*Ilse Lehiste* ..... 241

Synthesis and coding of speech using physiological models  
*M. Mohan Sondhi* ..... 251

#### 5. Verbal behavior: sound structure, information structure

Comparison of speech sounds: distance vs. cost metrics  
*John J. Ohala* ..... 261

A note on Japanese passives  
*James D. McCawley* ..... 271

Sentence production and information  
*Hiroya Fujisaki* ..... 279

Index ..... 297
