

Table of Contents

Chapter IV: Local Theory for $GL(2) \times GL(2)$

§14.	Existence of a Functional Equation (non-archimedean case).....	1
§15.	Explicit Computations.....	23
§16.	Explicit Computations (continued).....	62
§17.	Real Case.....	70
§18.	Complex Case.....	99

Chapter V: Global Theory for $GL(2) \times GL(2)$

§19.	Global Functional Equation for $GL(2) \times GL(2)$	117
§20.	Application to Quadratic Extensions.....	132

Bibliography.....	141
