

## CONTENTS

### PART I

Contents . . . . .	2
0. Summary . . . . .	3
1. Orbit structure of the adjoint representation . . . . .	9
2. Transfer of distributions and differential operators from $\mathfrak{g}$ to $\mathfrak{g}$ . . . . .	23
3. The invariant integral on $\mathfrak{g}$ . . . . .	36
4. Local structure of invariant eigendistributions on $\mathfrak{g}$ : behaviour around regular and semiregular points . . . . .	58
5. Local structure of invariant eigendistributions on $\mathfrak{g}$ : the fundamental theorem . . . . .	78
6. Local structure of invariant eigendistributions on $\mathfrak{g}$ : the behaviour of the function $F$ around singular points . . . . .	96
7. Tempered invariant eigendistributions on a reductive Lie algebra . . . . .	105
8. The limit formula $f(0) = \kappa(\partial(\mathfrak{w}_b) \downarrow_{f,b})(0)$ . . . . .	123
9. Invariant differential operators that annihilate all invariant distributions . . . . .	132
10. Appendix . . . . .	151
References . . . . .	166
Subject index . . . . .	168
Index of symbols . . . . .	173

### PART II

Contents . . . . .	176
0. Summary . . . . .	177
1. Groups of class $H$ . . . . .	192
2. Orbit structure in $G$ . . . . .	202
3. Descent from $G$ to $Z$ and $\mathfrak{g}$ . . . . .	221
4. Local structure of invariant $\mathfrak{g}$ -finite distributions . . . . .	233
5. The distributions $\Theta_b^*$ . . . . .	243
6. Parabolic subgroups . . . . .	279
7. Some representation theory . . . . .	302
8. The functions $\Xi$ and $\sigma$ . . . . .	320
9. Schwartz space and tempered distributions . . . . .	341
10. The invariant integral on $C_c^\infty(G)$ . . . . .	363

	<u>Page</u>
11. A fundamental estimate . . . . .	374
12. The invariant integral on $C(G)$ . . . . .	386
13. Tempered invariant eigendistributions . . . . .	401
14. Asymptotic behaviour of eigenfunctions . . . . .	410
15. The discrete series for $G$ . . . . .	435
16. The space of cusp forms . . . . .	459
17. Determination of $c(G)$ . . . . .	478
18. Appendix . . . . .	485
19. Appendix . . . . .	500
References . . . . .	508
Subject index . . . . .	510
Index of symbols . . . . .	518
