Contributors, ix
Foreword, xvii
Anne Schuchat, Centers for Disease Control and Prevention (USA) & Jean-Claude Desenclos, Institut de Veille Sanitaire (France)
Preface, xx
Acknowledgments, xxii

Section I: Introduction and Program-Area Surveillance Systems
1 Infectious Disease Surveillance: A Cornerstone for Prevention and Control, 3
Nkuchia M. M’ikanatha, Ruth Lynfield, Kathleen G. Julian, Chris A. Van Beneden, Henriette de Valk
2 Infectious Disease Surveillance and the International Health Regulations, 18
Bruce J. Plotkin, Max Hardiman, Fernando González-Martín, Guénaël Rodier
3 Active, Population-Based Surveillance for Infectious Diseases, 32
Chris A. Van Beneden, Sonja J. Olsen, Tami H. Skoff, Ruth Lynfield
4 Surveillance for Antimicrobial-Resistant Streptococcus pneumoniae, 44
Matthew R. Moore, Ruth Lynfield, Cynthia G. Whitney
5 Surveillance for Foodborne Diseases, 57
Elaine Scallan, Frederick J. Angulo
6 Supranational Surveillance in the European Union, 69
Andrea Ammon, Henriette de Valk
7 Surveillance for Antimicrobial Resistance among Foodborne Bacteria: The US Approach, 79
Jean M. Whichard, Kathryn Gay, David G. White, Tom M. Chiller
8 Surveillance for Zoonotic Diseases, 93
Mira J. Leslie, Jennifer H. McQuiston
9 Surveillance for Vector-Borne Diseases, 107
James L. Hadler, Lyle R. Petersen
10 Surveillance for Agents of Bioterrorism in the United States, 124
Richard N. Danila, Aaron T. Fleischauer
11 Surveillance for Unexplained Infectious Disease-Related Deaths, 136
Sarah Reagan, Ruth Lynfield, Kurt B. Nolte, Marc Fischer
12 Surveillance for Tuberculosis in Europe, 147
Dennis Falzon, Elmira Ibraim, Andrea Infuso
13 Surveillance for Healthcare-Associated Infections, 159
   Petra Gastmeier, Bruno Coignard, Teresa Horan
14 Surveillance for Methicillin-Resistant *Staphylococcus aureus* (MRSA)
   in the Community, 171
   R. Monina Kleven, Kathleen Harriman, Melissa A. Morrison
15 Surveillance for Viral Hepatitis, 187
   Mary Ramsay, Koye Balogun, Catherine Quigley
16 Surveillance for HIV/AIDS in the United States, 201
   Eve D. Mokosoff, M. Kathleen Glynn
17 Surveillance for Sexually Transmitted Diseases, 213
   Samuel L. Groseclose, Michael C. Samuel, Hillard Weinstock
18 Vaccine Preventable Diseases, 229
   Part 1: Vaccine Preventable Disease Surveillance, 229
      Hanna Nobynex & Elizabeth Miller
   Part 2: Public Health Surveillance for Vaccine Adverse Events, 241
      John K. Iskander, Robert T. Chen
19 Seasonal and Pandemic Influenza Surveillance, 254
   Lynnette Brammer, Alicia Postema, Nancy Cox
20 Communicable Disease Surveillance in Complex Emergencies, 265
   Marta Valenciano, Alain Moren

**Section II: Use of Electronic and Web-Based Means in Infectious Disease Surveillance**

21 Use of the World Wide Web to Enhance Infectious Disease Surveillance, 281
   Nkuchia M. M'ikanatha, Dale D. Rohn, David P. Welliver, Toby McAdams,
   Kathleen G. Julian
22 The Netherlands’ Infectious Diseases Surveillance Information System (ISIS), 294
   Arnold Bosman, Hans van Vliet
23 The Global Public Health Intelligence Network, 304
   Abla Mawudeku, Richard Lemay, Denise Werker, Roberta Andraghetti,
   Ron St. John
24 National Notifiable Disease Surveillance in Egypt, 318
   Frank Mahoney, Rana A. Hajjeh, Gerald F. Jones, Maha Talaat,
   Abdel-Nasser Mohammed Abdel Ghaffar
25 Electronic Reporting in Infectious Disease Surveillance, 333
   Part 1: Basic Principles of Electronic Public Health Surveillance, 333
      Gérard Krause, Hermann Claus
   Part 2: Electronic Clinical Laboratory Reporting for Public
          Health Surveillance, 341
      Perry F. Smith, Guthrie S. Birkhead
26 Implementing Syndromic Surveillance Systems in the Climate of Bioterrorism, 351
   Julie A. Pavlin, Farzad Mostashari

Section III: Methods for Surveillance Data Analysis, Communication, and Evaluation

27 Software Applications for Analysis of Surveillance Data, 363
   John H. Holmes, Dale D. Rohn, Joseph M. Hilbe

28 Analysis and Interpretation of Reportable Infectious Disease Data, 367
   Mindy J. Perilla, Elizabeth R. Zell

29 Analysis and Interpretation of Case-Based HIV/AIDS Surveillance Data, 380
   Lisa M. Lee, George W. Rutherford

30 Use of Molecular Epidemiology in Infectious Disease Surveillance, 393
   John Besser

31 Use of Geographic Information Systems and Remote Sensing for Infectious Disease Surveillance, 408
   Edmund Seto, Chester G. Moore, Richard E. Hoskins

32 Communication of Information about Surveillance, 419
   Part 1: Media Communication of Information about Infectious Disease Surveillance and Outbreaks, 419
      Brian G. Southwell
   Part 2: Case Study: A Healthy Response to Increases in Syphilis in San Francisco, 429
      Jeffrey D. Klausner, Katherine Ahrens

33 Evaluation of Surveillance Systems for Early Epidemic Detection, 432
   James W. Buehler, Daniel M. Sosin, Richard Platt

Section IV: Law, Ethics, Training, and Partnership in Infectious Disease Surveillance

34 Ethics and the Conduct of Public Health Surveillance, 445
   Amy L. Fairchild, Marian Moser Jones

35 Legal Considerations in Surveillance, Isolation, and Quarantine, 450
   Part 1: Legal Basis for Infectious Disease Surveillance and Control, 450
      Richard E. Hoffman, Renny Fagan
   Part 2: Legal Considerations for Isolation and Quarantine in the United States, 460
      Frederic E. Shaw, Richard A. Goodman

36 Training in Applied Epidemiology and Infectious Disease Surveillance:
   Contributions of the Epidemic Intelligence Service, 470
   Denise Koo, Douglas H. Hamilton, Stephen B. Thacker
Section V: Conclusions

39 Lessons Learned from Smallpox Eradication and Severe Acute Respiratory Syndrome Outbreak, 499
   Part 1: The Use of Surveillance in the Eradication of Smallpox and Poliomyelitis, 501
   D. A. Henderson
   Part 2: SARS Surveillance in Hong Kong and the United States during the 2003 Outbreak, 511
   Lauren J. Stockman, Thomas Tsang, Umesh D. Parashar

40 Future Directions in Infectious Disease Surveillance, 524
   Ruth Lynfield, Nkuchia M. M'ikanatha, Chris A. Van Beneden, Henriette de Valk

Index, 527
