

Contents

Preface	7
<i>N.K. Nikolskii</i> Multicyclicity phenomenon. I. An introduction and maxiformulas	9
<i>V.V. Peller</i> When is a function of a Toeplitz operator close to a Toeplitz operator?	59
<i>B.M. Solomyak and A.L. Volberg</i> Multiplicity of analytic Toeplitz operators	87
<i>B.M. Solomyak and A.L. Volberg</i> Operator of multiplication by an analytic matrix-valued function	193
<i>S.R. Treil'</i> Geometric methods in spectral theory of vector-valued functions: Some recent results	209
<i>V.I. Vasyunin</i> Formula for multiplicity of contractions with finite defect indices	281
<i>D.V. Yakubovich</i> Riemann surface models of Toeplitz operators	305
Author Index	417
Subject Index	421
