

TABLE OF CONTENTS

Introduction	V
I Linguistic theories of graphemics and orthography	
Nina Catach: The grapheme: its position and its degree of autonomy with respect to the system of the language	1
Dieter Nerius: Zur Bestimmung und Differenzierung der Prinzipien der Orthographie / On the definition and differentiation of the principles of orthography	11
Gerhard Augst: Descriptively and explanatorily adequate models of orthography	25
Peter Gallmann: The graphic elements of German written Language	43
Manfred Kohrt: The term 'grapheme' in the history and theory of linguistics	80
Ilpo Tapani Piirainen: Die Autonomie der Graphematik in historischer Sicht / The autonomy of graphemics from historical point of view	97
II Empirical linguistic theories of graphemics and orthography	
Helmut Jochems: Schreiben in Gedankenschnelle - Wegleite durch eine terra incognita der Graphematik / Writing as quick as thought - Itinerary through a terra incognita of graphematics	105
Marthe Philipp: Graphematik und Phonematik im Elsaß oder: Der Kampf um eine elsässische Orthographie / Alsatian Orthography	124
Wolfgang Feigs: Zur Dekodierung individueller Handschriften / On decoding handwritten texts	143
Otto Back: Towards a diatopic approach to orthographic phenomena of European Languages	155

Charles V.J. Russ: Breaking the spelling barrier: The reconstruction of pronunciation from orthography in historical linguistics	164
Hermann Zabel: Zur Schreibung von Fremdwörtern im Deutschen - Probleme der Regelformulierung / On the spelling of foreign words in german-Problems of rule formulation	179
III Psychological problems of graphemics and orthography . . .	
Leslie Henderson: From morph to morpheme: the psychologically trips where the linguist has trodden	197
Uta Frith: Psychologische Aspekte des orthographischen Wissens: Entwicklung und Entwicklungsstörung / Psychological aspects of orthographic skills: development and disorder	218
Wolfgang Eichler: Zu Uta Frith' Dreiphasenmodell des Lesen (und Schreiben)Lernens. Oder: Lassen sich verschiedene Modelle des Schriffterwerbs aufeinander beziehen und weiterentwickeln? / On Uta Frith's three phase model of learning to read and to write. Or: Can different models of the acquisition of reading and writing be interrelated and further developed?	234
Hartmut Günther: Was the alphabet discovered or invented? On the alleged common processes in speech and writing	248
Eckart Scheerer: Orthography and lexical access	262
Michael Bock: Cognitive aspects of upper and lower case for initial letters in german	287
Alfonso Caramazza & Roberta Ann Goodman: Phonologically plausible errors: Implications for a model of the phoneme-grapheme conversion mechanism in the spelling process	300
Max Coltheart: Graphemics and visual word recognition	326
Helen Pattison: Orthographic skills in the hearing-impaired . . .	341
Klaus B. Günther: Entwicklungs- und sprachpsychologische Begründung der Notwendigkeit spezifischer Methoden für den Erwerb der Schriftsprache bei sprachentwicklungsgestörten, lernbehinderten und hörgeschädigten Kindern / On the necessity of	

specific methods for teaching written language to language-
 developmental-disturbed, learning-disabled, and hearing-
 impaired children - Arguments from developmental psychology
 and psycholinguistics 354

IV Problems of acquiring orthographic skills

Joachim Riehme: Grundsätze der Vermittlung und Erlernung der
 Orthographie in der Schule der DDR / Principles of the teaching
 and learning of orthography in the schools of the German
 Democratic Republik 383

Geirr Wigen: The role of the affective filter on the level of
 orthography 395

Stanislaw Borawski: Das orthographische Portrait des Schülers /
 The orthographic portrait of the pupil 413

Heiko Balhorn: The cognition of spelling in children's minds 421

Mechthild Dehn: On the acquisition of the phonemic principle of
 spelling for learning to read and to write 432

Bernd Fichtner: Wie lernen Kinder lesen und schreiben? - Aspekte
 einer pädagogischen Fragestellung / How do children learn to
 read and to write? - Aspects of a pedagogical problem 444
