PART I The Context for Implementing Change xvi

CHAPTER ONE

Implementing Change: Patterns, Themes, and Principles 2

FOCUS QUESTIONS 3

PRINCIPLES OF CHANGE 4

- Change Principle 1: Change Is a Process, Not an Event 4
- Change Principle 2: There Are Significant Differences in What Is Entailed in Development and Implementation of an Innovation 5
- Change Principle 3: An Organization Does Not Change until the Individuals within It Change 7
- Change Principle 4: Innovations Come in Different Sizes 7
- Change Principle 5: Interventions Are the Actions and Events That Are Key to the Success of the Change Process 8
- Change Principle 6: There Will Be No Change in Outcomes until New Practices are Implemented 9
- Change Principle 7: Administrator Leadership Is Essential to Long-Term Change Success 10
- Change Principle 8: Mandates Can Work 11
- Change Principle 9: The School Is the Primary Unit for Change 12
- Change Principle 10: Facilitating Change Is a Team Effort 12
- Change Principle 11: Appropriate Interventions Reduce Resistance to Change 13
- Change Principle 12: The Context of the School Influences the Process of Change 14
