

CONTENTS

On the Application of Kalman Filtering to Correct Errors due to Vertical Deflection in Inertial Navigation A.V. Balakrishnan	1
Filtering and Detection Problems for Nonlinear Time Series W.J. Kolodziej and A. Pacut	10
Spectral and Bispectral Methods for the Analysis of Nonlinear (Non-Gaussian) Time-Series Signals T.S. Rao.	18
Bilinear Time Series: Theory and Application Z. Tang and R.R. Mohler	43
Bivariate Bilinear Models and Their Identification K. Kumar.	59
Nonlinear Time Series Modelling in Population Biology H. Tong	75
The Akaike Information Criterion in Threshold Modelling W.K. Li	88
Nonlinear Time Series Analysis for Dynamical Systems of Catastrophe Type L. Cobb and S. Zacks.	97
Nonlinear Processing with M-th Order Signals F.J. Bugnon and R.R. Mohler	119
Stochastic Circulatory Lymphocyte Models Z. Farooqi and R.R. Mohler.	130
