

CONTENTS

Preface

vii

CHAPTER I

COORDINATE SCALING: A STRUCTURAL APPROACH TO MEASUREMENT

1. Introduction	1
2. The Scalability Hypothesis	2
3. When Variables Do Not Scale	8
4. The Diamond Hypothesis	13
5. The Internal Logic of Structures and Processes	17
6. Scaling by Order-Preserving Coordinates	21
7. The Action System Hypothesis	27
8. Individuals and Their Attributes: The Structural Duality	39

CHAPTER II

THE ANALYSIS OF ORDINAL DATA: POSA AND SSA

1. Introduction	45
2. Partial Order Scalogram Analysis of Profiles	51
3. Smallest Space Analysis of Tests	68
4. Distributions versus Structures	73

CHAPTER III

PARTIAL ORDER SCALOGRAMS: A DISTRIBUTIONAL VIEW

1. The Simple Case: The Scale and a Conjecture	75
--	----

2. The "Double Scale" Scalogram	77
3. Full Conversions and Densities on the Minimal Space	81
4. The Tests of a Double Scale Form a Simplex	84
5. The Diamond Scalogram	85
6. Dense Planar Scalograms	91
7. The Nesting Technique for Constructing Minimal Spaces	100
8. Independent Minimal Facets Imply Positive Correlations	109

CHAPTER IV

SUBJECT-TRAIT SPACE DUALITY: THE STRUCTURAL LINK

1. Assumptions of the Structural Approach and Initial Results	113
2. The Polar Tests of a Standard Scalogram	117
3. In Search for a Structural Coefficient of Similarity	119
4. Smallest Space Analysis of Standard Scalogram Tests	126
5. The Structural Coefficient for General Standard Scalograms	139

CHAPTER V

APPLYING SCALOGRAM ANALYSIS TO RESEARCH CONTENTS

The Concept of Education	149
--------------------------------	-----

CHAPTER VI

MULTIPLE SCALING OF EMPIRICAL DATA

1. Introduction	163
2. Hand Procedures for Scaling by POSA	165
3. Distance-Based Procedures for Mapping Profiles	169
4. Partial Order Scalogram Analysis by Coordinates	176

5. LSA-1: Test Space by POSAC Boundary Scales	187
6. LSA-2: Mapping Tests by their Scalogram Roles	192
7. Interpreting Empirical Profile and Test Spaces	203

CHAPTER VII

HOW TO USE POSAC/LSA: EMPIRICAL EXAMPLES

1. Program Output	215
2. The Diamond of Television Watching	218
3. Pairing and Comparing Intelligence: Raven Attenuates	223
4. The Political Arena: Power Determines Polarity	228
5. To Chase or Purchase? The Converging Trade-Off	230
6. The T-Maze: It Matters Where You Start	241
7. Human Life Quality: An Action System	245

APPENDICES

APPENDIX A. The Diamond Scalogram and the Simplex: Further Relations	257
APPENDIX B. Conversions on the Minimal Space by the Nesting Technique	259
APPENDIX C. POSSA Computer Program	265
APPENDIX D. POSAC Computer Program	277
APPENDIX E. LSA-1 Computer Program	321
APPENDIX F. LSA-2 Computer Program	329
APPENDIX G. POSAC/LSA Sample Output: A Diamond Scalogram	337
REFERENCES	353
INDEX	361
