

## CONTENTS

|   |     |
|---|-----|
| List of Contributors . . . . .  | 1   |
| Preface . . . . .   | 5   |
| Cooperative and Non-cooperative Differential Games,<br>G. Leitmann . . . . .  | 7   |
| Vector Valued Optimization in Multi-player Quantitative Games,<br>A. Blaqui  re . . . . .                                       | 33  |
| Minimax Pareto Optimal Solutions with Application to Linear Quadratic Problems,<br>J. Medanic. . . . .                          | 55  |
| Preference Optimality and Applications of Pareto Optimality,<br>W. Stadler. . . . .   | 125 |
| Domination Structures and Non-dominated Solutions,<br>P.L. Yu. . . . .  | 227 |
| On Some Broad Classes of Vector Optimal Decisions and their Characterization<br>A. Marzollo, W. Ukovich. . . . .                | 281 |
| Estimating the Common Cost of a Good When the Local Costs are Known in the<br>Countries of a Community,<br>M. Volpatto. . . . . | 325 |
| Explicit Solution for a Class of Allocation Problems,<br>G. Castellani. . . . .   | 351 |
| Erratum of W. Stadler. . . . .  | 387 |
