Preface		9
Note on the Handbook of Multivariate Methods Programmed in Atlas Autocode		13
Chapter 1	Matrix Algebra	15
2	Within and Between	23
3	Factorial Designs	33
4	Principal Components	40
5	Spherical Maps	68
6	Multiple Regression Methods	80
7	Discriminant Function Analysis	102
8	Imposition of Structure	125
9	Analysis of Covariance	138
10	The Relative Importance of Variables	157
Index		162
Handbook of Multivariate Methods Programmed in Atlas Autocode		169
