

## **Contents**

|   |    |
|---|----|
| 1. Introduction . . . . .   | 9  |
| 2. Theoretical Concepts of Information Needs<br>and Behavior . . . . .                      | 12 |
| 3. Conventional Empirical Methods of<br>User Research . . . . .                             | 19 |
| 4. Newer Approaches and Methods for Analysing<br>and Evaluating Information Needs . . . . . | 38 |
| 4.1 User Needs and Efficiency of Information Facilities . . . . .                           | 39 |
| 4.2 Methods of Systems Analysis . . . . .   | 42 |
| 5. Conclusions . . . . .  | 59 |
| 6. Prospects . . . . .  | 64 |
| References . . . . .  | 69 |
| Index of Authors Cited . . . . .  | 82 |
