<i>Foreword by the General Editors</i>	xiii
Introduction	1
Chapter 1. Overview: The Problems, Causes and Solutions	5
Definitions of Conservation and Preservation	5
Reasons for Preservation	6
Professional Responsibilities of Librarians and Archivists	8
The Extent of the Preservation Problem	9
Causes of Deterioration	10
Strategies to Address the Problem	13
Methods to Address the Problem	15
Artefact versus Content Preservation	17
Selection of Materials to Preserve	19
Development of the Field of Preservation	19
Notes	21
Chapter 2. Why Library Materials Deteriorate	25
Introduction	25
THE MATERIALS: INHERENT CAUSES OF DETERIORATION	26
The Structure of Paper	26
The History of Papermaking	28
Modern Paper and Its Permanence	31
Ink	35
Leather, Vellum and Parchment	35
Cloth	36
Adhesives	36
Photographic Materials	37
Optical Discs	38
Sound Discs	38
Magnetic Media	39
EXTERNAL CAUSES OF DETERIORATION	40
Introduction	40
Temperature and Relative Humidity	41
Light	43

Atmospheric Pollutants	44
Biological Agents	45
Human Causes	47
Notes	49
Chapter 3. Surveying the Library: Determining Suitability of Environment and Extent of Deterioration	53
Introduction	53
Reasons for Surveying the Library and Its Collections	53
Environment Surveys	56
Some Important Condition Surveys	58
Condition Surveys: Methodology	61
Notes	64
Chapter 4. Controlling the Environment	67
Introduction	67
Temperature and Relative Humidity	69
Light	73
Air Quality	74
Pest Management	74
Housekeeping	76
Handling	77
Storage Materials and Equipment	77
Security	79
Building Design	82
Storage Requirements of Specific Materials	83
Environmental Control in Tropical and Arid Climates	83
Notes	86
Chapter 5. An Attitude of Respect: Careful Handling and the Education of Users and Librarians	91
Introduction	91
HANDLING	91
General Handling	93
Shelving	94
Library Materials in Transit	96
Circulation	96
Appropriate Furniture and Equipment	97
Photocopying	97
Microform and Other Non-Book Media	99
Rare and Special Materials	99

USER EDUCATION	100
Awareness of the General Public	101
The Example Set by Library Staff	103
Formats and Forums for User Education Activities	103
General Awareness Programs for Library Users	103
User Education and Orientation Programs	110
Programs Based on Reading Room Regulations	111
EDUCATION OF LIBRARY STAFF	112
In-House Training	113
Education of Librarians	114
Notes	115
Chapter 6. Disaster Preparedness	119
Introduction	119
Some Library Disasters	120
Objectives of a Disaster Plan	122
Developing a Disaster Plan	123
Contents of a Disaster Plan	123
Prevention: The First Phase	125
Response: The Second Phase	127
Reaction: The Third Phase	129
Recovery: The Final Phase	131
Salvage Techniques	132
Conclusion	134
Notes	135
Chapter 7. Preserving the Artefact: Book Maintenance and Repair Procedures, and Binding	137
Introduction	137
The Importance of Professional Advice	138
Selection for Treatment: Choosing the Best Procedure	138
Importance of Using Archival-Quality Materials	139
Ethical Aspects	140
REFURBISHING AND COLLECTION MAINTENANCE	140
Refurbishing the Collection	140
Ongoing Collection Maintenance	142
REPAIRS	143
Equipment	143
Preliminary Examination	144
Dealing with Acid Migration	145
Cleaning Paper	145
Cleaning Bindings	145
Relaxing Paper	145

Removing Adhesives	146
Mending Tears in Paper	146
Tightening Hinges	147
Enclosures; Tipping In	147
Leather Cleaning and Dressing	147
Refurbishing Bindings	148
Fumigation	148
PROTECTIVE ENCLOSURES	149
Encapsulation	150
Phase (or Phased) Boxes	150
Other Boxes	150
Document Folders	151
Slipcases	151
Shrink-wrapping	151
BINDING	151
Binding as a Preservation Measure	152
Kinds of Binding	153
Commercial Library Binderies	155
Notes	156
Chapter 8. Preserving the Intellectual Content: Reformatting	159
Introduction	159
Selection for Preservation	160
Identifying Items for Preservation	163
Preservation of Artefact, or Intellectual Content?	164
Searching for Replacements	166
The Importance of Bibliographic Control	166
Which Format?	167
PRESERVATION PHOTOCOPYING	168
MICROFILMING	169
Formats and Film Types	170
Steps in Microfilm Production	170
Standards	171
Costs of Microfilming	172
Microforms: Pros and Cons	173
Establishing a Microfilming Program	174
Storage of Microform Masters	175
Some Microfilming Programs	176
PRESERVATION PHOTOGRAPHY	177
DIGITAL DATA	177
DIGITAL DATA STORAGE MEDIA	179
Optical Discs	179
Magnetic Media	180
Other Media for Digital Data Storage	180

OTHER REFORMATTING METHODS	181
Notes	181
Chapter 9. Technological and Cooperative Strategies	187
Introduction	187
Technological Strategies	187
Cooperative Strategies	188
TECHNOLOGICAL STRATEGIES	190
Permanent Paper	190
Standards for Permanent Paper	191
The Manufacture of Permanent Paper	191
Promoting the Use of Permanent Paper	192
Mass Deacidification Processes	194
The Library of Congress and the DEZ Process	195
The Wei T'o Process	196
Developments at the British Library	197
Other Mass Deacidification Processes	198
Further Technological Strategies	199
COOPERATIVE STRATEGIES	200
Cooperation in Preservation in the United States	200
International Cooperation for Preservation	201
Regional Cooperation	202
National Preservation Programs	202
Notes	204
Chapter 10. Developing a Library Preservation Program	211
Introduction	211
Integrating Preservation and Management: Some General Concerns	212
Steps in Implementing a Preservation Program	214
Responsibility for Developing and Implementing the Program	215
What Is in a Preservation Program?	216
Models for Integrating Preservation into Libraries	216
Model 1: Small Specialized Libraries	217
Model 2: High-Use Collections	219
Model 3: Lower-Use Retrospective Collections	220
Model 4: Collections of National Importance	223
Conclusion	225
Notes	226
Select Bibliography	229
<i>Index</i>	255

List of Tables

Table 1.	Paper Use in the United Kingdom, 1820-1859	30
Table 2.	Relationship of Temperature, Absolute Humidity and Relative Humidity	41
Table 3.	Damage Caused by Insects Frequently Found in Libraries	46
Table 4.	Storage of Specific Library Materials	84
Table 5.	Disaster Supplies and Equipment	129
