<b>List of abbreviations.....</b>	<b>XIX</b>
<b>PART I COPYRIGHT AND DIGITISATION .....</b>	<b>1</b>
<b>1. Introduction .....</b>	<b>3</b>
1.1. The research question .....	3
1.2. Terminology .....	4
1.3. The value of transformative and non-transformative uses in the copyright system .....	6
1.4. New kinds of transformative use .....	9
1.5. Non-transformative use.....	10
1.6. The structure of the book .....	12
<b>2. The impact of digitisation on the desirability of copyright exceptions .....</b>	<b>15</b>
2.1. An economics-based introduction to the book problem.....	15
2.1.1. Works of intellect as public goods .....	15
2.1.2. From imperfect to perfect excludability .....	17
2.1.3. Perfect lock-up of copyrighted information .....	20
2.2. Legal consequences .....	22
2.2.1. In search of a public policy without free access to copyrighted works.....	23
2.2.2. DRM and the economics of copyright exceptions .....	27
2.2.2.1. Transaction costs and the market failure behind private copying.....	27
2.2.2.2. Why the market failure rationale behind private copying is losing its significance .....	28
2.2.2.3. The persistence of “bargaining breakdown” problems .....	30
2.2.2.4. Which justifications are affected by the implementation of DRM? .....	33
2.2.3. Privacy concerns .....	34
2.3. The legal framework: copyright exceptions under EU law.....	36
2.4. Summary .....	38

---

<b>PART II EU DIGITAL COPYRIGHT LAW FROM THE END-USER PERSPECTIVE.....</b>	<b>41</b>
<b>3. Copyright harmonisation according to technological dictates .....</b>	<b>43</b>
3.1. Introduction .....	43
3.2. Legal basis and objectives of copyright harmonisation in the EU .....	43
3.2.1. The progressive development of a Community copyright policy ...	44
3.2.1.1. Free movement of goods and the exhaustion principle.....	44
3.2.1.2. National copyright protection under Article 30 of the EC Treaty.....	45
3.2.1.3. Copyright legislation as a tool fostering market integration .....	46
3.2.2. Legal basis and specific objectives of the InfoSoc Directive.....	49
3.2.2.1. The legal basis of Article 95 of the EC Treaty.....	49
3.2.2.2. The objectives of the 1995 Green Paper .....	50
3.2.2.3. The objective to implement the 1996 WIPO Copyright Treaty.....	51
3.3. The re-definition of the copyright scope.....	52
3.3.1. The national dimension of copyright's subject matter .....	52
3.3.1.1. The absence of a single standard of originality.....	53
3.3.2. Territorial restrictions in copyright management.....	54
3.3.3. The overstretched exclusive right of digital reproduction .....	58
3.3.3.1. The notion of reproduction under the EC Software Directive .....	58
3.3.3.2. Exemption of certain software reproductions from copyright protection .....	60
3.3.3.3. The exclusive right of reproduction under the InfoSoc Directive .....	61
3.3.4. The exclusive right of communication to the public.....	65
3.3.5. The right of distribution of tangible copyrighted goods .....	66
3.3.6. Intangible copyrighted goods as services.....	67
3.4. Anti-circumvention law in defence of technological protection measures .....	69
3.4.1. The provisions of Articles 6 and 7 of the InfoSoc Directive .....	69
3.4.2. What "access right" in the EU?.....	71
3.4.3. Discrepancies in the national implementation of anti-circumvention law .....	74
3.5. Summary.....	76
<b>4. The legal treatment of copyright exceptions under secondary EU law .....</b>	<b>77</b>
4.1. Introduction: from vertical to horizontal exceptions.....	77
4.2. The introduction of the three-step test under EU law .....	80
4.2.1. The three-step test under international law .....	80
4.2.2. The transposition of the test into EU law.....	84
4.3. The new requirement of <i>legal access</i> at the expense of <i>lawful use</i> .....	86
4.4. The InfoSoc Directive's exhaustive list of copyright exceptions .....	89

---

4.4.1. Non-transformative use: private copying .....	89
4.4.2. Transformative uses .....	93
4.5. Safety nets for copyright exceptions against DRM systems .....	94
4.5.1. Obligations created by Article 6(4).....	95
4.5.2. The narrow scope of Member States' obligations.....	96
4.5.3. Consequences of the Article 6(4) system.....	98
4.5.4. The model interface between copyright, contract and technical measures of the Software Directive .....	100
4.5.5. Monitoring systems on the effective enforcement of exceptions..	102
4.6. National exceptions after the InfoSoc Directive: a brief overview .....	104
4.6.1. Preliminary remarks.....	104
4.6.2. What national exceptions, in the concrete? .....	105
4.6.2.1. Private copying .....	105
4.6.2.2. Transformative use.....	107
4.6.2.3. A few examples of extension of the statutory protection of copyright exceptions.....	108
4.7. Summary.....	109
<b>5. Digital copyright law: general policy issues under the EC Treaty .....</b>	<b>111</b>
5.1. Introduction .....	111
5.2. The failure of the InfoSoc Directive in the pursuit of market integration .....	113
5.2.1. Fragmentation on markets for tangible and intangible goods .....	114
5.2.2. Inconsistency with Article 95 of the EC Treaty .....	115
5.3. The clash with Member States' cultural policies .....	118
5.3.1. The deadlock of national copyright exceptions.....	119
5.3.2. Article 151(4) of the EC Treaty and national copyright exceptions .....	119
5.4. End-use licences and EU consumer contract law: a neglected intersection.....	120
5.4.1. The absence of consumer protection measures under digital copyright law .....	121
5.4.2. Consumer protection under EU private international law .....	121
5.4.3. Consumer contract law.....	123
5.4.3.1. A brief comparison between U.S. and EU contract laws .	123
5.4.3.2. Duties of transparency in the EU Distance Contract Directive.....	126
5.4.3.3. Overriding copyright exceptions as an unfair commercial practice? .....	129
5.4.3.4. The end-user's information right against technical restrictions.....	130
5.4.3.5. Conclusive remarks on consumer protection .....	132
5.5. Summary.....	133

---

<b>PART III UNSETTLED ISSUES.....</b>	<b>135</b>
<b>6. Implications of sharing copyrighted works on the Internet .....</b>	<b>137</b>
6.1. Introduction .....	137
6.2. End-user liability: the United States .....	138
6.2.1. The birth of file-sharing technologies .....	138
6.2.2. File-sharing under the U.S. fair use doctrine .....	139
6.2.2.1. Purpose and character of file-sharing.....	140
6.2.2.2. Nature and portion of the work used.....	142
6.2.2.3. Effect of file-sharing on the market for copyrighted works.....	142
6.3. End-user liability: the European Union .....	143
6.3.1. Peer-to-peer downloads under the exception of private copying ..	143
6.3.2. Peer-to-peer networks as a lawful source of unauthorised copyrighted works? .....	147
6.3.3. Unauthorised downloads under the three-step test.....	149
6.4. Peer-to-peer software providers' liability: the United States .....	152
6.4.1. The U.S. case law.....	153
6.4.1.1. The Napster case .....	154
6.4.1.2. The Aimster case .....	155
6.4.1.3. The Grokster case .....	156
6.4.2. How consideration of non-infringing uses has an impact on indirect liability.....	158
6.4.3. Findings from the U.S. case law .....	162
6.5. Peer-to-peer software providers' liability: the European Union .....	162
6.5.1. Copyright liability in the <i>Kazaa</i> and <i>BitTorrent</i> cases .....	163
6.5.1.1. Direct liability .....	164
6.5.1.2. Indirect liability.....	164
6.5.2. Possible technology's restrictions under Article 8 of the EU Intellectual Property Rights Enforcement Directive .....	166
6.5.3. Indirect liability under the principle of due care .....	168
6.5.3.1. Duties of care on the Internet after the E-Commerce Directive .....	168
6.5.3.2. Duties of care upon ISPs and network operators .....	169
6.5.3.3. Duties of care upon peer-to-peer software providers .....	172
6.5.4. Findings from EU law and from the national case law .....	174
6.6. Summary.....	175
<b>7. Freedom of use vs. DRM Technology .....</b>	<b>179</b>
7.1. Introduction .....	179
7.2. DRM technology under EU law .....	180
7.2.1. Legal basis for the protection of DRM technology .....	180
7.2.2. From an <i>ex post</i> to an <i>ex ante</i> determination of fairness .....	181
7.2.3. DRM and the EU ambiguous system of copyright exceptions.....	182
7.2.4. Consequences of the condition of <i>legal access</i> to DRM-protected works .....	183

7.3. The European Commission's view of DRM technology .....	186
7.3.1. The 2004 Communication on copyright management .....	186
7.3.2. The main Commission's objectives .....	187
7.4. Specific issues raised by DRM technology: Interoperability .....	189
7.4.1. DRM systems as copyright-protected computer programmes .....	190
7.4.2. Copyright vs. interoperability: the case of Apple's DRM system .....	190
7.4.3. The example of new pro-interoperability legislation in France.....	193
7.4.4. Copyright protection and EU interoperability policy .....	196
7.5. Restriction of private copying.....	200
7.5.1. The policy option of preserving private copying notwithstanding DRM.....	200
7.5.2. The <i>Mulholland Drive</i> case in France: does a <i>right</i> of private copying exist? .....	201
7.5.3. May private copying of copy-protected works be compatible with the three-step test? .....	205
7.5.4. The role of national law in the preservation of digital private copying .....	210
7.6. Restriction of transformative uses.....	215
7.6.1. May DRM technology address cumulative creativity and innovation?.....	215
7.6.2. Policy options for the accommodation of cumulative creativity ...	219
7.6.2.1. Creating an exception of fair circumvention.....	220
7.6.2.2. Creating a user rights management infrastructure.....	224
7.7. Summary.....	227
<b>PART IV .....</b>	<b>231</b>
<b>8. Copyright policy alternatives for preserving end-user freedom of expression and information.....</b>	<b>233</b>
8.1. Addressing the conflict between copyright and freedom of expression..	233
8.1.1. The legal value of Article 10 of the ECHR.....	233
8.1.2. Copyright vs. free expression .....	235
8.2. Restrictions on freedom of communication over peer-to-peer networks.....	239
8.2.1. Peer-to-peer networking and free communication .....	239
8.2.2. How copyleft licences increase the magnitude of <i>free</i> information.....	241
8.3. EU copyright enforcement policy in respect of file-sharing .....	245
8.3.1. Targeting copyright enforcement at individuals.....	246
8.3.1.1. The United States .....	246
8.3.1.2. The European Union .....	248
8.3.1.3. Why this option would be cost-ineffective and short-sighted.....	251
8.3.2. Copyright levies to compensate creators.....	252
8.3.2.1. The 'Fisher-Netanel' proposal of a non-commercial use levy system .....	253

---

8.3.2.2. Costs and benefits of a copyright levy system .....	256
8.3.2.3. Why this policy option does not fit EU digital copyright law .....	258
8.3.3. Mandatory collective administration of online exclusive rights ...	260
8.3.3.1. Is mandatory collective management a legitimate policy option? .....	261
8.3.3.2. Mandatory collective management, international law and the <i>acquis communautaire</i> on copyright entitlements.....	263
8.3.4. Seeking complementarity between file-sharing and copyright- protecting technologies .....	268
8.3.4.1. Mandating the adoption of copyright-protecting technologies .....	269
8.3.4.1.1. Re-design of peer-to-peer technology .....	269
8.3.4.1.2. Adoption of filtering technologies.....	271
8.3.4.1.3. On the suitable function of DRM systems and fingerprints.....	272
8.3.4.2. Advantages of this policy option .....	274
8.4. The adverse impact of current DRM technology on free uses.....	276
8.4.1. Collision with the principle of freedom of expression.....	277
8.4.2. Chilling effects on follow-on uses: a user rights management infrastructure as a possible way out .....	278
8.5. Summary.....	282
<b>9. Conclusion: towards a better EU copyright law.....</b>	<b>285</b>
9.1. Introduction .....	285
9.2. Creating a user rights infrastructure.....	285
9.2.1. Legal protection of technical measures should follow copyright law .....	286
9.2.2. Replacing copyright exceptions by a law of users' rights .....	287
9.3. Elements of a user rights management infrastructure .....	292
9.3.1. Implementation of the 'fair use by design' requirement .....	292
9.3.2. Implementation of a mixed user rights infrastructure .....	293
9.3.3. A single EU interoperability policy for DRM technology .....	297
9.4. Re-adjusting the three-step test.....	302
9.4.1. The flawed function of Article 5(5) under the InfoSoc Directive ..	303
9.4.2. Suitable revision of the function of the test inside the InfoSoc Directive .....	305
9.5. Summary.....	307

<b>APPENDIX .....</b>	<b>311</b>
<b>Appendix I - Digital Rights Management: The Technological Scenario .....</b>	<b>313</b>
<b>Appendix II - Examples of National Transposition of Article 6(4) of the InfoSoc Directive .....</b>	<b>325</b>
<b>Appendix III - Directive 2001/29/EC of the European Parliament and of the Council of 22 May 2001 on the harmonisation of certain aspects of copyright and related rights in the information society (Official Journal L 167, 22.06.2001, p.10) .....</b>	<b>333</b>
