

Contents

Chapter I. The Equations of Motion

- 1.1. Euler's Equations 1
- 1.2. Rotation and Vorticity. 24
- 1.3. Navier-Stokes Equations 43

Chapter II. Potential Flow and Slightly Viscous Flow

- 2.1. Potential Flow 64
- 2.2. Boundary Layers 90
- 2.3. Vortex Sheets 110

Chapter III. Gas Flow in One Dimension

- 3.1. Characteristics 129
- 3.2. Shocks 148
- 3.3. The Riemann Problem 176
- 3.4. Combustion Waves 188
