INTRODUCTION	<i>Myron F. Roszkopf</i>	1
THE CONCEPT OF BILATERAL SYMMETRY IN YOUNG CHILDREN	<i>Elaine F. Genkins</i>	5
Method	10	
Interviews:		
PAPER-FOLDING GROUP	13	
MIRROR GROUP	18	
CONTROL GROUP	19	
Results	21	
Comparisons of Achievement:		
BY TRAINING METHOD	21	
BY GRADE	31	
BY TYPE OF FIGURE	36	
Implications	40	
References	42	
TOPOLOGICAL UNDERSTANDINGS OF YOUNG CHILDREN	<i>Helen Bass</i>	45
Method	49	
Tasks:		
CONCEPT OF ORDER	50	
CONCEPT OF ENCLOSURE	52	
CONCEPT OF EQUIVALENCE	53	
Results	55	
EFFECT OF GROWTH	59	
EFFECT OF SOCIOECONOMIC CLIMATE	63	
Discussion	66	
References	70
