

Mathematics	Question	Answer
Arithmetic	1-3	60-66
Algebra	3-6	67-76
Permutations and Combinations	7-8	77-80
Arithmetic and Geometric Series	9-10	81-84
Functions and Graphs	10-11	85-89
Linear Inequalities	12-14	90-93
Matrix Algebra	14-17	94-99
Differential Calculus	17-19	100-105
Maxima and Minima	20-21	105-108
The Algebra of Sets	21-23	109-112
Probability	23-25	113-117
Stock Control	25-26	118-121
Critical Path Analysis	27-29	122-125
 Statistics		
Collection and Presentation of Data	30-32	126-129
Averages, Frequency Distributions & Approximations	32-34	130-133
Range, Quartiles, Standard Deviation	34-35	133-137
Binomial Distribution	36-37	138-140
Poisson Distribution	37-39	141-144
Normal Distribution	39-41	145-148
Sampling Theory and Expectation	41-43	149-154
Testing Hypotheses	43-45	155-159
Chi-squared Test	46-47	160-166
Confidence Intervals	48-49	167-170
Quality Control	50-52	171-175
Correlation and Regression	53-55	176-182
Time Series	55-57	183-189
Index Numbers	58-59	190-193
 Appendix I	 Practice Questions and outline answers	 194-200
 Appendix II	 Preparation for Mathematics and Statistics Examinations	 201-203
