<i>Preface</i>	<i>v</i>	Causality	111
<i>Acknowledgements</i>	<i>viii</i>	Experiments in Marketing Research	112
		Validity in Experiments	113
		Types of Experimental Designs	115
		The Limitations of Experiments	126
PART ONE		8. Interview Techniques	
Introduction to Marketing Research		Introduction	130
1. Nature and Scope of Marketing Research		The Choice of Respondents	131
Introduction	3	Survey Techniques	132
Marketing Research	4	The Appropriate Interview Method	138
Marketing Decision-making	8	9. Sampling	
Scope of Marketing Research	10	Introduction	147
<i>Case Studies</i>	19	Sampling	148
2. The Role of Research in Marketing		Sampling Techniques	154
Introduction	26	Probability Sampling Techniques	155
Problem-solving Vs Opportunity	27	Non-probability Sampling	160
Definition Research		Determining the Sample Size	161
Quality of Research	31	10. Designing Questionnaires and	
The Decision-making Perspective	34	Interview Guides	
<i>Case Study</i>	43	Introduction	171
3. Practical Tips for Researchers		Designing a Questionnaire	172
Introduction	46	Errors in Questionnaire Design and	176
Manager-Researcher Dialogue	47	the Flow Chart	
Defining the Boundaries of Marketing Research	50	Questionnaires for Telephone and	182
Marketing Intelligence and Marketing Research	52	Internet Surveys	
Actionable Research	53	Projective Techniques and Interview Guides	183
		Reproduction of the Questionnaire	185
PART TWO		11. Building Attitude Exploration into	
Planning for Marketing Research		Questionnaires	
4. Stages in Planning Marketing Research		Introduction	191
Introduction	59	Measurement of Data	192
The Marketing Research Brief	59	Types of Attitude Scales	197
Defining the Marketing Research Problem	61	Reliability and Validity of Scales	214
Hypotheses Generation	63	Considerations in Scale Construction	218
The Marketing Research Proposal	66	<i>Case Studies</i>	225
The Sample	68		
5. Types of Research		PART THREE	
Introduction	73	Implementing Research: Quantitative Surveys	
Research Approaches	74	12. Fieldwork, Data Editing, Tabulation, and the	
Research Approaches for	82	Basic Concepts of Analysis	
Marketing Decision Stages		Introduction	239
6. Types and Sources of Data		Fieldwork	239
Introduction	91	Coding and Editing of Data	245
Classification of Data	91	Tabulation of Data	249
Methods of Data Collection	93	Preliminary Analysis of Data	253
Errors in Data Collection	97	Other Measures of Association	262
<i>Annexure 6.1</i>	108	SPSS Commands	274
7. Experimentation			
Introduction	110		

13. Specific Techniques for Analysis of Data	
Introduction	291
Parametric and Non-parametric Tests	292
Parametric Tests	293
Non-parametric Tests	300
14. Computer Based Techniques of Data Analysis	
Introduction	314
Reduction and Grouping of Data	314
Discriminant Analysis	316
Factor Analysis	325
Cluster Analysis	331
Multidimensional Scaling	346
Conjoint Analysis	360
The Influence of Data Analysis on Research Design	369
<i>Case Studies</i>	376
<i>Annexure 14.1</i>	386
<i>Annexure 14.2</i>	390
<i>Annexure 14.3</i>	399
<i>Annexure 14.4</i>	410

PART FOUR

Qualitative Research and its Implementation

15. Qualitative Research	
Introduction	415
Qualitative Research	416
Skills Required in a Qualitative Researcher	426
Client-Researcher Relationship	428
Force of Qualitative Research	429
Qualitative Research vs Quantitative research	429
Relationship between Qualitative and Quantitative Research	431
Strengths and Limitations of Qualitative Research	434
Commencement of the Qualitative Research Study	437
<i>Case Study</i>	447
<i>Annexure 15.1</i>	452
<i>Annexure 15.2</i>	455
<i>Annexure 15.3</i>	459
16. Qualitative Research Methodology	
Introduction	463
Methodological Frameworks of Qualitative Research	464
Focus Group Discussions	464
Organization in Focus Group Discussions	466
In-depth Interview	472
Flow of Communication in In-depth Interviews	473
Variations in Qualitative Research Methodology	477
Role, Demeanour, and Skills of a Moderator	478

Guidelines for Effective Moderation	479
Moderation of Focus Group Discussions	486
Projective Techniques	487
Types of Projective Techniques	488
Specific Projective Techniques	491
The Innovative Methodologies of Qualitative Research	495
<i>Case Study</i>	505

17. Analysis and Interpretation of Qualitative Research Data

Introduction	511
Qualitative Research Analysis	512
Process of Qualitative Research Analysis	518
Content Analysis of the Transcripts and Video Tapes	519
Analysis Approach for Qualitative Research	524
Customized Analysis of Qualitative Data	527
Data Interpretation in Qualitative Research Analysis	533
Presentation of Qualitative Analysis Findings	536
Analysis and Interpretation	539
<i>Case Study</i>	542

PART FIVE

Getting Meaning Out of Data and its Application

18. Report Writing and Presentation	
Introduction	549
A Marketing Research Report	549
Presentation of a Marketing Research Report	557
Ethical Issues in Marketing Research Report Writing	558
19. Interpretation of Marketing Research Reports	
Introduction	562
The Marketing Research Report	562
Using Marketing Research	566
20. Applications of Marketing Research	
Introduction	572
Marketing Research for Specific Market Situations	573
Marketing Research During Various Product Life Cycle Stages	579
Market Research Models for Effective Marketing Mix	583
Other Applications of Marketing Research	586
Marketing Research and Brand Positioning	587
Research for Market Segmentation	591
Research for Market Forecasting	592
Research for Developing and Evaluating Marketing Strategies	595
