| Preface | 3 |
| Introduction | 7 |
| I Attitudes and Logical Truth | 22 |
| I.1 The study of correctness | 22 |
| I.2 Intensionality | 29 |
| I.3 The hierarchy of logics | 35 |
| I.4 Schematic inference | 44 |
| I.5 Attitude logic and modal logic | 52 |
| I.6 Modes in language and in attitudes | 63 |
| I.7 Modalities and modes | 75 |
| II Attitudes as Facts | 83 |
| II.1 The truth of attitude clauses | 83 |
| II.2 The family of attitude predicates | 96 |
| II.3 Relational structures | 108 |
| II.4 Representational states | 127 |
| II.5 Intentional acts and objects | 143 |
| III Attitude Logic and Psychological Realism | 161 |
| III.1 Attitude-worlds | 161 |
| III.2 The actual and the derivative | 175 |
| III.3 Reactions to logical omniscience | 184 |
| III.4 The scale of faithful description | 204 |
| IV Attitudes, Individuals and Predicates | 220 |
| IV.1 The possibility of quantification | 220 |
| IV.2 Intensionality again. De re and de dicto | 234 |
| IV.3 World lines | 249 |
| IV.4 Concluding remarks | 270 |

| | | |
|-----------------------|----------------------------------|-----|
| V | Some Formalism | 277 |
| V.1 | Formal truth definition | 277 |
| V.2 | Structures in operator semantics | 288 |
| Literature | | 297 |
| Index of Names | | 321 |
