

CONTENTS

Introduction	v
1. History	1
2. Polygons	1
3. Convex and Concave Polygons	4
4. Regular Polygons	5
5. Regular Polygons That Tessellate	6
6. Semiregular Tessellations	13
7. Demiregular Tessellations	19
8. Nonregular Polygons That Tessellate	23
9. Tessellations Determined by Interior Points of Polygons	44
10. Letters That Tessellate	48
11. Polyominoes and Related Shapes That Tessellate	54
12. Tessellations from Regular, Semiregular, and Demiregular Tessellations	67
13. Tessellations from Offset Polygons	78
14. Tessellations from Divisions	87
Appendix	
Directions for Models of Regular Polygons	128
Regular Tessellations	130
Semiregular Tessellations	133
Demiregular Tessellations	141
Dot Paper Masters	155
Bibliography	168
