

Contents

Preface

Statistics in the Classroom	1	
P. SHERWOOD	Probability in a Primary School	2
G. GILES	The Stirling Recording Sheet for Experiments in Probability	8
L. W. GATES	Probability Experiments in the Secondary School	15
P. J. BUTT	A Variation on Coin Tossing Experiments	18
A. A. GREENFIELD	Blindfold Climbers	20
*J. SWIFT	The Statistics of Style	25
J. JOLLIFFE	Do-it-yourself Opinion Poll Sampling Experiments	29
Practical and Project Work	33	
*P. J. PAGE	Do Bristlebacks Cluster	34
O. DOLAN	Learning Statistics through Project Work	38
A. K. SHAHANI,	Animals in a Pond	45
S. E. MEACOCK and		
P. S. PARSONS		
K. LEWIS	Seven, and Wiser Virgins	50
W. G. GILCHRIST	The Role of Practicals in Statistics	52
M. LEVINE and	Probability: A Project Approach	55
R. H. ROLWING		
B. A. C. DUDLEY	A Class Exercise Concerning the Distribution of Plants	58
B. A. C. DUDLEY	A Practical Study of the Capture/Recapture Method of Estimating Population Size	62
H. S. SCHOEMAN and	Statistical Project Work: the Pretoria Experience	66
A. G. W. STEYN		
Pupils' Understanding	69	
*D. R. GREEN	School Pupils' Probability Concepts	70
G. V. BARR	Some Student Ideas on the Median and the Mode	79
Teaching Particular Topics	83	
P. G. MOORE	Measuring Uncertainty	84
D. GRIFFITHS	A Pragmatic Approach to Spearman's Rank Correlation Coefficient	89
D. WILKIE	Pictorial Representation of Kendall's Rank Correlation Coefficient	93
G. E. NOETHER	Why Kendall Tau?	95
C. A. REEVES and	Hypothesis Testing and Proof by Contradiction:	98
J. K. BREWER	an Analogy	
R. FALK	Minimise Your Losses	100
C. W. PURITZ	Deriving Regression Lines Without Calculus	104
A. W. SYKES	An Alternative Approach to the Mean	106
K. VÄNMANN	How to Convince a Student that an Estimator is a random Variable	111

E. SHOESMITH	Simple Power Curve Constructions	117
R. MADSEN	Making Students Aware of Bias	123
F. LEWES	Where Should We Start	126
Visual and Other Aids		131
R. W. JERNIGAN	A Useful Display of a Normal Population	132
M. W. MAXFIELD and B. C. LYON	Bivariate Normal Model: a Classroom Project	135
F. H. THOMAS and J. L. MOORE	CUSUM: Computer Simulation for Statistics Teaching	140
Statistics in Society		145
M. W. MAXFIELD	Sixteen Left Feet	146
A. G. HAWKES	Probability and the FA Cup	147
*A. F. BISSELL	Judgement by Sampling (1)	151
*A. F. BISSELL	Judgement by Sampling (2)	154
Miscellaneous		161
D. O. CHANTER	Some Anecdotes and Analogies	162
B. WILSON	The First Shall be Last	165
R. D. LEE	Learning from One's Mistakes	170
A. K. SHAHANI	Reasonable Averages that give Wrong Answers	173
Index		179
