Foreword by Kofi Annan  xv

Preface  xvii

Acknowledgements  xviii

Notes on the Contributors  xx

Part I  Concepts and Issues

1  Horizontal Inequalities and Conflict: An Introduction and some Hypotheses  3
   Frances Stewart

   1.1  Introduction  3
   1.2  Groups in conflict  4
   1.3  Group formation and mobilization  7
   1.4  Horizontal inequalities and mobilization  12
   1.5  Horizontal inequalities and conflict: The main hypotheses  18
   1.6  Plan of this book  23

2  Who Should be Included? Noncitizens, Conflict and the Constitution of the Citizenry  25
   Matthew J. Gibney

   2.1  Introduction  25
   2.2  The scope of the analysis  26
   2.3  The creation of noncitizenship  28
   2.4  The reproduction of noncitizenship  30
   2.5  Citizenship as a focus of concern  33
   2.6  Just principles for accessing citizenship  35
   2.7  Conclusion  38
Chapter 3: Cultural Status Inequalities: An Important Dimension of Group Mobilization

Arnim Langer and Graham K. Brown

3.1 Introduction
3.2 Conceptualizing cultural status inequalities
3.3 Three aspects of cultural status inequality
3.4 Status anxiety: Linking cultural status inequalities, mobilization and conflict
3.5 Conclusions

Chapter 4: Horizontal Inequalities: Explaining Persistence and Change

Frances Stewart and Arnim Langer

4.1 Introduction
4.2 A framework for considering the evolution of horizontal inequalities
4.3 Evidence for the persistence and change of horizontal inequalities
4.4 Conclusions and policy implications

Part II: Measurement and Statistical Analysis

Chapter 5: Approaches to the Measurement of Horizontal Inequalities

Luca Mancini, Frances Stewart, and Graham K. Brown

5.1 Introduction
5.2 Problems of measuring horizontal inequalities
5.3 Measuring horizontal inequalities at an aggregate level
5.4 Applications of the aggregate measures: South Africa, the United States, and Indonesia
5.5 Measuring horizontal inequalities in different segments of the income distribution
5.6 Some conclusions
Appendix 5A

Chapter 6: Horizontal Inequality and Communal Violence: Evidence from Indonesian Districts

Luca Mancini

6.1 Introduction
6.2 Operationalizing ethnicity: Three approaches
6.3 Previous quantitative literature on horizontal inequality
6.4 The Indonesian context
6.5 Methodology
6.6 Data
6.7 Sample and summary statistics 119
6.8 Results 123
6.9 Conclusions 129
Appendix 6A 131

7 Inequalities, the Political Environment and Civil Conflict: Evidence from 55 Developing Countries 136
Gudrun Østby

7.1 Introduction 136
7.2 Horizontal inequalities and civil conflict 137
7.3 Mediating effects of the political environment on the horizontal inequality–conflict nexus 138
7.4 Data and research design 142
7.5 Results 147
7.6 Concluding remarks 155
Appendix 7A 157

Part III Horizontal Inequalities and Conflict in Three Regions

8 When do Horizontal Inequalities Lead to Conflict? Lessons from a Comparative Study of Ghana and Côte d’Ivoire 163
Amim Langer

8.1 Introduction 163
8.2 From Ivorian ‘miracle’ to violent conflict 164
8.3 The peaceful management of the north-south divide in Ghana 176
8.4 Conclusions 186

9 Horizontal Inequalities and Ethnic Violence: Evidence from Calabar and Warri, Nigeria 190
Ukoha Ukiwo

9.1 Introduction 190
9.2 Same starting line: The origins of horizontal inequalities 190
9.3 All roads do not lead to Rome: Different conflict pathways 193
9.4 Concluding remarks 203

10 Ethnicity, Religion and the State in Ghana and Nigeria: Perceptions from the Street 205
Amim Langer and Ukoha Ukiwo

10.1 Introduction 205
10.2 ‘Objective’ socioeconomic and political inequalities in Ghana and Nigeria 206
10.3 Ethnic and religious composition of the survey samples 209
10.4 The salience of different identities 211
10.5 The perceived impact of ethnicity and religion in the public sphere 214
10.6 Perceptions of political horizontal inequalities 220
10.7 Perceptions of government favouritism and discrimination 222
10.8 Conclusions 225

11 Inequality, Ethnicity and Political Violence in Latin America: The Cases of Bolivia, Guatemala and Peru 227
Corinne Caumartin, George Gray Molina and Rosemary Thorp

11.1 Introduction 227
11.2 Horizontal inequalities: Preliminary measurements 230
11.3 The history of ethnic mobilization 233
11.4 The generation of political violence – or its absence 243
11.5 Conclusions 246

12 Horizontal Inequalities and Separatism in Southeast Asia: A Comparative Perspective 252
Graham K. Brown

12.1 Introduction 252
12.2 The cases 253
12.3 The demographic logic of separatism: State-sponsored migration and minoritization 258
12.4 The economic logic of separatism: Horizontal inequalities 262
12.5 The political logic of separatism: The turn to violent mobilization 277

Part IV Conclusions and Policies

13 Major Findings and Conclusions on the Relationship Between Horizontal Inequalities and Conflict 285
Frances Stewart, Graham K. Brown and Arnim Langer

13.1 Introduction 285
13.2 General findings on the relationship between horizontal inequalities and conflict 286
13.3 Conclusions 299
List of Figures and Tables

Figures

1.1 Incidence and magnitude of major episodes of political violence, 1946–2004 5
1.2 Refugee trends, 1951–2004 6
1.3 Ethnic violence as a proportion of major political violence, 1946–2004 6
1.4 Ratio of performance of black South Africans to white South Africans 16
4.1 Variations in returns to financial capital according to group discrimination 61
4.2 Interethnic differences in returns to education in Peru 66
4.3 The evolution of horizontal inequalities in Northern Ireland 73
4.4 The evolution of different horizontal inequality indicators in Malaysia, 1970–1990 75
4.5 The evolution of income inequalities in Malaysia, 1970–2002 76
5.1 South Africa – Aggregate measures of horizontal inequality in per capita income by ethnic group, 1970–2000 92
5.2 United States – Aggregate measures of horizontal inequality in per capita income by ethnic group, 1967–2001 93
5.3 Mean incomes of black Africans and whites, by quintile and alpha, (a) 1996 and (b) 2001 99
5.4 White/black income disparity ratios, (a) 1996 and (b) 2001 99
5.5 Growth in real incomes of whites and black Africans, 1996 and 2001 100
5.6 Group population proportion, by quintile of overall income distribution, (a) 1996 and (b) 2001 101
6.1 Number of fatalities 120
6.2 The effect of child mortality horizontal inequality on the probability of violence at different levels of economic development: Ethnic groups 125
6.3 The effect of child mortality horizontal inequality on the probability of violence at different levels of economic development: Religious groups 126
7.1 Regional horizontal inequalities in Peru, various years 144
7.2 Regional horizontal inequalities in Zimbabwe, various years 144
7.3 Horizontal inequalities and conflict risk by regime type, developing countries, 1986–2003
7.4 Regional horizontal inequalities (assets) and political exclusion, developing countries, 1986–2003
9.1 Survey respondents' perceptions of institutional domination, Warri and Calabar, Nigeria
9.2 Survey respondents' perceptions of indigenous domination, Warri and Calabar, Nigeria
10.1 Three most important forms of self-identification in Ghana according to survey location
10.2 Three most important forms of self-identification in Nigeria according to survey location
12.1 Population of Mindanao by religion, 1903–2000
12.2 Indonesia – Migrants living in Aceh by year of arrival and place of birth, 1990
12.3 Educational attainment of largest two ethnic groups in urban areas, Aceh and North Sumatra, 1990
12.4 Indonesia, Aceh and North Sumatra provinces – Educational attainment of rural Acehnese, Batak and Javanese, 1990
12.5 Landholding of rural Acehnese, Batak and Javanese in agricultural occupations, Aceh and North Sumatra, 1990
12.6 Philippines – Relative GDP per capita by broad geographical zone, 1975–2003
12.7 Mindanao, Philippines – Proportion of Christian and Muslim population with no schooling, by age in 1970 and religion
12.8 Thailand – Relative GDP per capita in three Malay-Muslim dominated provinces, 1978–2003
12.9 Thailand – GDP per capita in constant US$ (PPP 2000), selected provinces
12.10 Malaysia – GDP per capita in Malaysia and Sabah, 1970–2003
14.1 Schematic representation of conflict-inducing elements of horizontal inequalities

Tables

1.1 Some examples of horizontal inequality in conflict situations
3.1 Dimensions of cultural status inequality
4.1 Educational inequality in Peru, 2003
4.2 Infant/child mortality rates for Gold Coast and Ghana in 1931 and 1993
4.3 Socioeconomic inequalities across Ghana’s regions in the 1990s
4.4 Wealth by income and race ($) 
4.5 College attendance and completion by race, persons aged 25 or older, 1960–1995
4.6 The evolution of educational differences between whites, blacks and three Asian immigrant groups in the US, 1940–1990
4.7 Average wages and earnings of male workers, 2000
5.1 Correlation matrix between inequality measures based on years of education in Indonesia, 1990 and 1995
5.2 Correlation matrix between inequality measures in per capita income in Indonesia, 1995
6.1 Sample composition of language and religious groups
6.2 Variable means
6.3 Distribution of violent outcomes
6.4 Mean differences in horizontal inequalities between ethnic groups, by violent (V)/nonviolent (NV) status (ethnically diverse districts only)
6.5 Mean differences in horizontal inequalities between religious groups, by violent (V)/nonviolent (NV) status (religiously diverse districts only)
6.6 Estimation results
6.7 Additional results
6.8 Child mortality (‘000) and child mortality horizontal inequality by year and violent (V)/nonviolent (NV) status
6A.1 Variable definition
6A.2 Correlation matrix
7.1 Logit regression of civil war onset and horizontal inequalities, 1986–2003
7.2 Logit regression of civil war onset, horizontal inequalities and regime type, 1986–2003
7.3 Logit regression of civil war onset, horizontal inequalities and electoral system, 1986–2003
7.4 Logit regression of civil war onset, horizontal inequalities and political exclusion, 1986–2003
7A.1 Summary statistics of all variables
8.1 Ethnic and religious composition of Côte d’Ivoire in 1998
8.2 Elite by ethnic group, 1959–1980
8.3 Public investment per capita by region, 1971–1977 (CFAF thousands)
8.4 Some socioeconomic indicators for different regions and ethnic groups in Côte d’Ivoire in 1985
8.5 Ethnic composition of government, 1980–2003
8.6 Ethnic and religious composition of Ghana in 2000 176
8.7 Regional distribution of gross value added \textit{per capita}, 1960 180
8.8 Regional developmental inequalities in 1970–1975 181
8.9 Evolution of macroeconomic indicators in Ghana (in percentages) 182
8.10 Socioeconomic inequalities across Ghana’s regions in the 1990s 183
10.1 Various socioeconomic indicators across Nigeria’s zones in 1995/1996 207
10.2 Ethnoregional composition of various Ghanaian governments, 1993–2005 208
10.3 Zonal composition of various Nigerian cabinets, 1985–2004 209
10.4 Ethnic composition of the Ghanaian survey (percentages) 210
10.5 Ethnic composition of the Nigerian survey (percentages) 210
10.6 Religious composition of the Ghanaian survey (percentages) 211
10.7 Religious composition of the Nigerian survey (percentages) 211
10.8 The proportion of Ghanaian respondents according to survey location who thought that ethnicity affected a person’s chances of getting access to public opportunities and services (%) 215
10.9 The proportion of Nigerian respondents according to survey location who thought that ethnicity affected a person’s chances of getting access to public opportunities and services (%) 215
10.10 The proportion of Ghanaian respondents according to educational background and survey location who thought that ethnicity affected a person’s chances of getting access to public opportunities and services (%) 217
10.11 The proportion of Nigerian respondents according to educational background and survey location who thought that ethnicity affected a person’s chances of getting access to public opportunities and services (%) 218
10.12 The proportion of Ghanaian respondents according to survey location who thought that religion affected a person’s chances of getting access to public opportunities and services (%) 219
10.13 The proportion of Nigerian respondents according to survey location who thought that religion affected a person’s chances of getting access to public opportunities and services (%) 219
10.14 The proportion of Ghanaian respondents according to survey location who considered a specific state institution to be dominated by a particular group (%) 220
10.15 The proportion of Nigerian respondents according to survey location who considered a specific state institution to be dominated by a particular group (%) 221
10.16 Perceptions of government favouritism and discrimination in Ghana according to survey location (%) 223
10.17 Perceptions of government favouritism and discrimination in Nigeria according to survey location (%) 223
11.2 Horizontal inequality: Per cent living in poverty 230
11.3 Country ranking of selected horizontal inequality indicators 231
11.4 Indicators of horizontal inequality across six countries 232
12.1 Thailand – Population of Southern Region by religion and province in percentage, 1960 and 2000 261
12.2 Ethnic and religious distribution of Sabah, 2000 census 262
12.3 Urban occupational distribution by ethnic group, Aceh and North Sumatra, 1990 264
12.4 Urban unemployment rates, Aceh 1990 265
12.5 Philippines, ARMM – Socioeconomic indicators, 2000 268
12.6 Educational and asset inequalities in Southern Thailand, by language and religion 273
12.7 Thailand – Male occupational distribution by religion and language, Southern Region (% of group) 274
12.9 Average relative per capita household expenditure by ethnic group, 1982, 1987 and 1989 276
14.1 Examples of approaches to reducing horizontal inequalities 304
