

<b>Writing Numbers</b>	<b>3</b>
(Recording numbers to 50 000)	
<b>Stepping Stones 1</b>	<b>4</b>
<b>Stepping Stones 2</b>	<b>5</b>
(Complementary addition to multiples of 100)	
<b>Adding with the Calculator</b>	<b>6</b>
(Adding 90 and 99)	
<b>Number Chains 1</b>	<b>7</b>
(Adding and subtracting 10 and 100; re-grouping thousands. Adding and subtracting 1000; no re-grouping)	
<b>Missing Keys 1</b>	<b>8</b>
(Multiplication bonds to $9 \times 9$ )	
<b>Missing Keys 2</b>	<b>9</b>
(Division bonds to $9 \times 9$ )	
<b>Missing Keys 3</b>	<b>10</b>
(Finding missing figures in number sentences involving the four operations)	
<b>Missing Keys 4</b>	<b>11</b>
<b>Multiplying with the Calculator 1</b>	<b>12</b>
(Calculating the products of two, three and four numbers)	
<b>Target</b>	<b>13</b>
(Chain calculations involving multiplication)	
<b>Multiplying with the Calculator 2</b>	<b>14</b>
<b>Dividing with the Calculator</b>	<b>16</b>
<b>Whole Numbers and Decimal Fractions</b>	<b>18</b>
(Revision of decimal fractions as introduced in Book 4)	
<b>Factors 1</b>	<b>19</b>
(Introducing factors)	
<b>Factors 2</b>	<b>20</b>
(Finding factors by division)	
<b>Factors 3</b>	<b>21</b>
(Finding factors by division)	
<b>Dividing by Ten</b>	<b>22</b>
(Dividing by 10 to give tenths, concentrating on place value)	
<b>Multiplying by One Hundred</b>	<b>23</b>
<b>Dividing by One Hundred</b>	<b>24</b>
(Dividing by 100 with particular emphasis on place value)	
<b>Number Chains 2</b>	<b>26</b>
(Multiplying and dividing by 10 and 100)	
<b>Decimal Fractions 1</b>	<b>27</b>
<b>Decimal Fractions 2</b>	<b>28</b>
(Recurring decimals and equivalent fractions)	

<b>Decimal Fractions 3</b>	<b>29</b>
(Equivalent fractions)	
<b>Number Lines</b>	<b>30</b>
(Reading the number line marked in hundredths)	
<b>Four in a Line: game for 2 players</b>	<b>32</b>
(Uses decimal fractions)
