## E-J (Jokes)

1 - Talking to a Monster (+ and - on the calculator). . . . .	1
2 - Double or Nothing (multiply on the calculator). . . . .	2
3 - Dumb Jokes (divide and use parentheses). . . . .	3
4 - The Calculator Won't Give You Kisses (parentheses continued, memory). . . . .	4
5 - You Can't Win Them All (parentheses, brackets, memory). . . . .	5

---

## E-O (Order)

1 - How Big is Big? (meaning of million). . . . .	6
2 - What Comes Next? (counting by ones). . . . .	7
3 - Walking Backwards (sequence of whole numbers). . . . .	8
4 - Making Change (sequence of .01 -- money). . . . .	9
5 - Watching the Car's Clock (sequence of .1 -- odometer readings). . . . .	10
6 - Which is More, 2 Dimes or 21 Pennies? ( $<$ , $=$ , $>$ in comparing decimal fractions). . . . .	11
7 - Did the Car Go 35,000 Miles in an Hour? (subtracting decimal numerals -- odometer problems). . . . .	12

## **E-M (Multiplication and division)**

1 - Do You Know Your 17 Times Table? (counting by 2, etc.). . . . .	13
2 - Dealing Out the Cards (2a -- division by subtraction). . . . .	14
(2b -- division with remainders). . . . .	15
3 - What Goes Up Must Come Down (division undoing multiplication). . . . .	16
4 - Lazy Man's Arithmetic (multiplying by 10 -- decimals). . . . .	17
5 - Would You Rather Have \$3 or \$3.00 (dividing by 10 -- decimals). . . . .	18
6 - Setting the Place Table (division on the place table). . . . .	19
7 - You Can't Divide 3 Into 1? Who Says You Can't? (changing fractions to decimal form). . . . .	20
8 - Turning Numbers Upside Down (reciprocals). . . . .	21
9 - Shortcuts for Lazy People (commutative and distributive laws). . . . .	22
10 - If You Don't Like Decimal Points, Get Rid of Them (division by decimal fractions). . . . .	23
11 - You Make a Mistake But You Can't Find It? (checking partial products). . . . .	24

---

## **E-R (Rounding, estimates)**

1 - About How Much? (rounding to the nearest \$1 in addition). . . . .	25
2 - How Close is Close? (rounding mixed decimals to whole numbers). . . . .	26
3 - Pieces of Pennies (rounding to next penny -- gasoline prices, sales tax). . . . .	27
4 - How to Figure Your Report Card (averages and estimates). . . . .	28

# Contents

## H-J (Jokes)

- 1 - From Head to Foot  
(order of operations, ( ), [ ] and powers). . . . . 29
  - 2 - Write Your Own Joke Book  
(making up jokes -- inverse operations). . . . . 30
- 

## H-P (Powers and exponential notation)

- 1 - Do You Need a Bigger Allowance?  
(powers of 2). . . . . 31
  - 2 - Powerful Numbers  
(labeling the place table in powers of 10). . . . . 32
  - 3 -  $10^{-1}$  Isn't a Negative Number  
(negative exponents, operation with exponential numbers). . . 33
  - 4 - Those Lazy Scientists  
(scientific notation). . . . . 34
  - 5 - Heavy Stuff About Light Years  
(multiplying in scientific notation). . . . . 35
- 

## H-M (Multiples, primes)

- 1 - 2, 4, 6, 8, 10 Again and Again  
(patterns in multiples -- ending digits). . . . . 36
- 2 - Gozintas  
(rules of divisibility). . . . . 37
- 3 - "One Nation Indivisible... " A Prime Nation  
(discovering primes). . . . . 38
- 4 - Some Formulas That Don't Work  
(finding primes). . . . . 39
- 5 - Branching Out  
(prime factorization). . . . . 40

# Contents

## H-N (Signed numbers and absolute value)

- 1 - From Here to There and From There to Here  
(meaning of absolute value). . . . . 41
  - 2 - Don't Always Be Positive  
(addition and subtraction with signed numbers). . . . . 42
  - 3 - Two Noes Make a Yes, Two Wrongs Make a Right  
(multiplication and division with signed numbers). . . . . 43
- 

## H-C (Challenges)

- 1 - Pupils Slip Up (Read It Backwards)  
(reversed digits yield multiples of 9). . . . . 44
  - 2 - 999999  
(why reversed digits yield multiples of 9). . . . . 45
  - 3 - And It All Comes to Nothing  
(continuing reversed digits). . . . . 46
  - 4 - Patterns Real and Fake  
(miscellaneous number patterns). . . . . 47
  - 5 - Tricks of the Trade  
(miscellaneous number patterns). . . . . 48
  - 6 - Put Your Head into a Hypoten Noose  
(finding Pythagorean triples). . . . . 49
-
